CONSTRUCTION NOTICE

Subject: EMWD Construction in Your Neighborhood

Dear Neighbor:

Eastern Municipal Water District (EMWD) is committed to being a good neighbor and keeping you informed about ongoing activity and construction in your area. For this reason, we would like to make you aware of work that will be taking place in your neighborhood.

EMWD will soon begin work on a new water booster pump station and the removal of an aging pump station, on Murrieta Road, just north of Ethanac Road. This work is necessary to meet current water supply demands and provide additional water supply reliability to the region. Work is anticipated to begin around March 1, 2024.

A majority of this work will take place on weekdays during daytime hours. During construction, residents may experience increased traffic on Murrieta Road and other areas.

EMWD pledges to keep you informed about the progress of this project as we work to ensure long-term and cost-effective water supply reliability for our communities. We appreciate your patience and caution as we work to safely complete this project. You may visit www.emwd.org/perris-projects for project updates. If you have questions regarding the specifics of the project, please contact me at 951-928-3777, ext. 4219, or at pearsonk@emwd.org.

Sincerely,

Kevin Pearson
Public Affairs Officer
