Subject: EMWD Construction Update Near Your Residence – Phase II of Construction Begins

Dear Neighbor:

Eastern Municipal Water District (EMWD) would like to provide you with an update on a project near your residence in Moreno Valley.

In April 2021, EMWD began work on a groundwater well project along **Los Cabos Drive, between Plaza Sonada Way and Iris Avenue, at Victoriano Park**. This well is an important part of our Perris North Groundwater Program, which will help provide long-term water quality and supply benefits to the region. The project is split up into two phases: the well drilling phase and the well equipping phase. The first phase was successfully completed in August 2021. Due to supply chain challenges, the start of the second phase of the project had been delayed.

Beginning September 18, 2023, crews will begin mobilizing to the site to begin the well equipping phase of this project. The community can expect the following:

- **No parking along Los Cabos Drive**
 - See exhibit on the following page to see marked area for no parking from September 18, 2023 to Summer 2024
- **First milestone: Landscaping and Park Restoration**
 - The community will see activity on-site to restore the park as efficiently as possible. Crews will be working closely with the City of Moreno Valley to achieve this milestone by December 2023.
- **Second milestone: Groundwater Well Building**
 - Following park restoration, crews will begin building the structure, piping, and motors needed to operate the groundwater well.
- **Working hours: 7:00 a.m. to 3:30 p.m.**
 - There will be an increase in noise, dust, and vibrations due to on-site construction work.

EMWD appreciates your patience and understanding as we work to complete this important project. As part of our commitment to our customers, EMWD will continue to keep you updated on the status of this work.
