Subject: EMWD Construction Update Near Your Residence – Construction of Well Buildings

Dear Neighbor:

Eastern Municipal Water District (EMWD) would like to provide you with an update on a project near your residence in Moreno Valley.

In April 2021, EMWD began work on two groundwater well projects along **Ironwood Avenue, between Heacock Street and Nita Drive**. These wells are an important part of our Perris North Groundwater Program, which will help provide long-term water quality and supply benefits to the region. The project is split up into two phases: the well drilling phase and the well equipping phase. The first phase was successfully completed in 2021. Due to supply chain challenges, the start of the second phase of the project had been delayed.

Beginning Thursday, May 9, 2024, crews will begin mobilizing to the site to begin the well equipping phase of this project. The well equipping phase consists of constructing the structure, piping, and motors needed to operate the well. Crews have already been working on one of the well sites intermittently; this notification is for the well site neighboring the residents of Nita Drive.

The community can expect working days and hours on-site from **Monday to Friday, 7:00 a.m. to 4:00 p.m.** (weather-permitting). There will be an increase in noise, dust, and vibrations due to on-site construction work.

EMWD appreciates your patience and understanding as we work to complete this important project. As part of our commitment to our customers, EMWD will continue to keep you updated on the status of this work.

Should you have any questions or concerns, please contact me at 951-928-3777 ext. 4370, or at ramireal@emwd.org. You may also visit www.emwd.org/perrisnorth to learn more.

Sincerely,

Alma Ramirez
Public Affairs Program Manager
