

DROUGHT

It's back, but you know what to do.

Thanks to sound planning and proactive investments, your water provider is prepared to provide reliable, high-quality water no matter what. We know our customers know what to do to save water and live a water efficient lifestyle – so **Keep It Up!**

#KeepItUpIE

A message from your community water providers.

EMWD Prepared to Weather Drought Conditions

While much of California and the western United States is experiencing a prolonged drought, EMWD has proactively prepared for the cyclical nature of droughts through investments in a diverse water supply portfolio and other programs to promote water use efficiency.

Waterfest 2021

A WEEK OF WATER,
WISDOM & WINNING

A VIRTUAL OPEN HOUSE

October 25th - 28th
