Subject: Upcoming EMWD Construction Near You – Perris North Pipeline Project, Phase II

Dear Neighbor:

Eastern Municipal Water District (EMWD) is committed to being a good neighbor and keeping you informed about ongoing activity and construction in your area. For this reason, we would like to make you aware of a new project that will take place in your neighborhood.

In the coming weeks, EMWD will begin work on Phase II of the Perris North Pipeline Project (Project) primarily along **Kitching Street, and covering a portion of Bay Avenue, Gentian Avenue, Patricia Street, Santiago Drive, Los Cabos Drive and Iris Avenue.** This work is part of a three-phase pipeline project that will connect to groundwater wells in the southern portion of Moreno Valley as part of the Perris North Groundwater Program (Program). The purpose of this Program is to provide long-term water quality and supply benefits to the region.

The estimated completion date for the Project is Spring 2024. EMWD is working closely with the City of Moreno Valley and surrounding stakeholders to keep community impacts to a minimum; more information can be found on the attached fact sheet. Upon final completion the Project, crews will perform a final paving along the Project alignment.

EMWD appreciates your patience and understanding as we work to complete this important Project. As part of our commitment to our customers, EMWD will keep you updated on the status of this work. You may visit www.emwd.org/perrisnorth to sign-up for e-notifications and to learn more.

If you have any questions regarding the specifics of the Project or Program, please contact me at 951-928-3777, ext. 4370, or by email at ramireal@emwd.org.

Sincerely,

Alma Ramirez
Public Affairs Officer
