Subject: EMWD Construction Update Near Your Residence

Dear Neighbor:

Eastern Municipal Water District (EMWD) would like to provide you with an update on a project near your residence in Moreno Valley.

In April 2021, EMWD began work on a groundwater well project along **Los Cabos Drive, between Plaza Sonada Way and Iris Avenue, at Victoriano Park**. This well is an important part of our Perris North Groundwater Program, which will help provide long-term water quality and supply benefits to the region. The project is split up into two phases: the well drilling phase and the well equipping phase, where the structure, piping, and motors needed to operate these wells is constructed. Crews successfully completed the well drilling phase in August 2021.

Due to supply chain challenges, the commencement of the second phase of the project has been delayed. EMWD anticipates bidding the second phase of the project later this year. Once the project is awarded to a contractor, work is anticipated to begin in early-2023. Upon completion of the project, EMWD will also restore landscaping in coordination with the City of Moreno Valley. That activity will be limited to daytime only work.

EMWD appreciates your patience and understanding as we work to complete this important project. As part of our commitment to our customers, EMWD will keep you updated on the status of this work.

Should you have any questions, please contact me at 951-928-3777 ext. 4370, or at ramireal@emwd.org. You may visit www.emwd.org/perrisnorth to sign up for e-notifications and learn more.

Sincerely,

Alma Ramirez
Public Affairs Officer
