## Eastern Municipal Water District presents: EarthCapades School Assembly Theatre Program

Eastern Municipal Water District (EMWD) is delighted to offer your school a **COMPLEMENTARY** environmental assembly program presented by **EarthCapades Environmental Vaudeville**.

**NEW performances each year!** This exciting assembly program uses an interactive and fun approach to teach your students about the importance of water and how to conserve it. EarthCapades performers blend comedy, music, juggling, storytelling, theatrics, and circus antics to communicate their message and demonstrate that saving the planet can be fun! The following is a sampling of what elementary and middle school teachers in the **EMWD** service area have to say about EarthCapades:

- The students loved the show and most importantly they got the message about the importance of water. Great job! *Harmony Elementary School, Hemet*
- Great music, dialogue, video and creative stunts to convey the message of water awareness. This assembly is so worth seeing! Don't miss this opportunity to educate your school. *Towngate Elementary, Moreno Valley*
- Even the teachers couldn't help but smile and laugh. Wonderfully entertaining and educational. *Bethune Elementary, Moreno Valley*
- Keep the EMWD assemblies coming! *Alta Murrieta School, Murrieta*
- Vital information presented in an educational and exciting program! *Freedom Crest Elementary, Menifee*
- My students were completely fascinated by the program and they remembered the main point of the show - to conserve water. It was great! *Enchanted Hills Elementary, Perris*

### School Assembly Details:

- **EMWD** is pleased to cover all program expenses. **There is no cost to your school!**
- Performances are 40-45 minutes each.
- Grade specific programs are offered to grades K-2, 3-5, and middle school.
- 350 is the maximum number of students per performance.
- Scheduling is based on a first come, first served basis, with priority given to schools who have not previously received a performance.
- Facility requirements: a multi-purpose room, school cafeteria, or gymnasium where students can be comfortably seated. Performers need an area of approximately 15x20 feet, one electrical outlet nearby and sufficient stage lighting. (If you have problems meeting any of these accommodations they can be discussed at the time you schedule the performance.)

**This program can only reach a limited number of schools. Assemblies are available:**

**November 26-30, 2007, December 3-7, 2007, January 21-31, 2008 February 1-8, 2008, or March 3-14, 2008**

Please contact the EarthCapades office manager, before **November 15, 2007** by calling (650) 557-4258, emailing: [juggle@earthcapades.com](mailto:juggle@earthcapades.com), or by faxing a request using the other side of this paper with your first two choices of performance dates.

Please do not contact EMWD to schedule an assembly.
