### For Immediate Release

## Eastern Municipal Water District adds a second date for free, High-Efficiency Toilet giveaway

**Perris, CA (March 6, 2007)**— EMWD's residential customers can choose to pick up their free, High-Efficiency Toilets on either March 31 or April 28; reservations for both dates are now being accepted.

All residential customers who currently have toilets installed in their homes that use 3.5 gallons or more per flush have an opportunity to save water and money. High-Efficiency Toilets use 1.28 gallons per flush or less—**that's 20,000 fewer gallons annually** than non-conserving, water guzzling toilets.

On March 31 or April 28, EMWD's residential customers, with reservation numbers, may pick up their free, High-Efficiency Toilets at a designated location. Those who pick up their toilets on March 31 must return to recycle their old ones on Saturday, April 14, and those who pick up their toilets on April 28 must return to recycle their old ones on Saturday, May 12.

To make reservations, call (800) 485-2321 prior to the date of the event. Eligible customers will be given a reservation number and the distribution and recycling locations for their chosen date. This offer is limited to three toilets per household while supplies last.

*EMWD is the freshwater, wastewater service and recycled water provider to a 555-square mile area from Moreno Valley southward along the I-215 corridor to Temecula and eastward to Hemet and San Jacinto. Approximately 649,000 people live and work in this area. In addition to its own water customers, EMWD supplements water to eight local water agencies and municipalities that have their own water departments. EMWD operates four water reclamation facilities and treats some 43 million gallons of wastewater daily. More information can be found at EMWD's web site [www.emwd.org](http://www.emwd.org).*
