Subject: Groundwater Sustainability Plan Development Stakeholder Advisory Group Meeting

Dear Ms. Martinez:

Eastern Municipal Water District (EMWD), as the West San Jacinto Groundwater Sustainability Agency (GSA), will hold a **webinar only meeting** to discuss comments and answer questions during the San Jacinto Groundwater Basin Groundwater Sustainability Plan (GSP) public review period (April 16, 2021 through July 15, 2021). The GSP outlines a course of action to accomplish and maintain groundwater sustainability over the 20-year plan implementation period. The GSP identifies local undesirable results and defines management actions to minimize unsustainable conditions in the San Jacinto Groundwater Basin. The GSP develops milestones to ensure progress towards sustainable management of the San Jacinto Groundwater Basin under the Sustainable Groundwater Management Act is achieved. For additional information, please see <https://www.emwd.org/sgma>. The public draft GSP is available for review under Program Documents on the EMWD SGMA webpage. We invite you to attend and appreciate your continued participation, feedback, and contribution to the development of the San Jacinto Groundwater Basin GSP. The date, time, and webinar log-in information for the meeting is shown below. Please contact us at your convenience at grayr@emwd.org, or (951) 928-3777 extension 4514, if you have any questions or concerns.

When: May 19, 2021 from 10:00 am to 11:30 am
