PROPOSAL

The undersigned hereby declares, as Bidder, that the only persons or parties interested in this proposal as principals are those named herein; that no director or any other officer or employee of the Eastern Municipal Water District is in any manner interested directly or indirectly in this proposal or in the profits to be derived from the contract proposed to be taken; that this bid is made without any connection with any person or persons making a bid for the same purpose; that the bid is in all respects fair and without collusion or fraud; that he has read the Notice Inviting Bids (or Bidding Information), Insurance Requirements and the Instructions to Bidders and agrees to all the stipulations contained herein; that he proposes and agrees that if his bid as submitted in the attached sheets, be accepted he will contract in the form so approved and furnish all items called for in accordance with the provisions of said approved form of Agreement, Insurance Requirements and the Specifications and to deliver the same within the time stipulated therein; and that he will accept in full payment therefore the prices named in said Bid Sheet.

The Bidder further agrees, that upon receipt of written notice of the acceptance of this proposal within 60 days after the day of opening bids (unless otherwise specified in the Notice Inviting Bids or Bidding Information) he will execute and return the Contract in accordance with the proposal as accepted and furnish the required bond(s) within SEVEN (7) days from the date of mailing the Notice of Acceptance of Proposal to him at his address given below, or within such time as allowed by the Engineer; and that upon his failure or refusal to do so within the said time, then the certified or cashier's check or bond accompanying this bid shall become the property of and be retained by the Eastern Municipal Water District as liquidated damages for such failure or refusal, and shall be deposited with the Treasurer of said Eastern Municipal Water District as monies belonging to the Eastern Municipal Water District; provided, that if said Bidder shall execute the Contract and furnish the required bond within the time aforesaid, his check or bond shall be returned to him thereafter.

The Bidder further declares that the surety or sureties named in the attached sheet have agreed to furnish bond in form and amount set forth in the accompanying Notice Inviting Bids (or Bidding Information) and paragraph B-6 of the Instructions to Bidders, in the event contract is awarded on basis of this proposal.

</table>
Mr. Roth’s estimating experience includes hard bid, alternate delivery projects, design-build, 3P, CMAR, and CMGC’s. He has extensive experience in roadway rehabilitation, heavy civil, structure bridges, reservoirs, dams, interchanges, HOV lane widening, airports, mining and rails. As Chief Estimator / VP of Heavy Civil, Mr. Roth is responsible for overseeing all estimating operations including proposal setup and maintenance, quantity take-offs, assignment of estimating duties, overseeing and performing estimating responsibilities, subcontractor proposal qualification, estimate closing, proposal submission, subcontractor selection and overall pricing. Mr. Roth is also responsible for overseeing the Heavy Civil operations, from project start-up to project close-out. Once the project is awarded, Mr. Roth takes the Project Management team through a comprehensive project hand off, reviewing the project in great-detail. He stays involved throughout the subcontracting process, creating purchase orders and providing input on initial schedules. Mr. Roth is also able to provide valuable pre-construction services, plan and constructability reviews, value engineering, contract negotiations and GMP pricing. He has experience in all aspects of cost estimating from creating budgets, Opinion of Probable Construction Costs (OPCC), alternate cost estimates, to pricing change orders. Mr. Roth was selected for this project based on his experience with developing quantities and cost estimates, making him extremely valuable to the process of analyzing design alternatives, meeting project objectives and reducing overall costs.

Experience as Chief Estimator on California Projects:

California

- I-15 Express Lanes, SBCTA | $244 million
- Crafton Hills Pump Station, California Dept. of Water Resources | $24 million
- Caltrans SR 76 Fallbrook Roadway Widening, San Diego County, CA | $75 million
- RCTC Perris Valley Rail Line, Perris, CA | $132 million
- Riverside County Clay Street Grade Separation | $16 million
- Caltrans I-10 Widening, West Covina, CA | $96 million
- Riverside County I-215 Newport Road Improvements, Menifee, CA | $31 million
- Azusa Quarry | $75 million
- Reliance Landfill | $33 million
- Victorville Road Crossing | $70 million
- San Juan Capistrano Levee Protection | $33 million

Project Experience:

Gerald Desmond Bridge Replacement, Long Beach, CA ($750 M)

Chief Estimator
Scope of work included design and construction for replacement of the Port of Long Beach, Gerald Desmond Bridge with a new bridge rising 200 feet over the water, 515 feet tall with a long span, striking cable stayed design. This 4 lane bridge connects the I-710 to terminal island including separate pedestrian and bicycle paths. Mr. Roth was the lead estimator for this Design-Build project.

I-605/I-10 Interchange Viaduct Bridge, Baldwin Park, CA ($78 M)
Craig Roth

Chief Estimator
This project consisted of a one-lane-flyover direct connector separating the at-grade connectors into individual connectors, construction of retaining walls, sound wall and reconstruction of existing SB I-605 to WB I-10 connector. Mr. Roth was the lead estimator for this Design-Build project.

Devore Interchange Project, San Bernardino, CA ($365 M)
Chief Estimator
This interchange improvement project included 15 bridges, roadbed widening on two Interstates, improvements to local arterials, environmental mitigation and major drainage improvements. Project features consisted of reconfiguring Interstate 15/Interstate 215 (I-15/I-215) Interchange and construction of truck by-pass. Mr. Roth was the lead estimator for this Design-Build project.

Rehabilitate Roadway on Route 99, Madera, CA ($37.5 M)
Chief Estimator
This design-build is a pavement rehabilitation project. The project proposed to replace failed Portland Cement Concrete (PCC) panels with full depth Asphalt Concrete (AC), cold plane AC/PCC on the northbound (NB) and southbound (SB) No. 2 (truck) lanes and replace with AC, and overlay all lanes and shoulders with AC. The project proposed to reconstruct PCC lanes and AC shoulders with PCC and reconstruct the No. 2 (truck) lanes with Continuously Reinforced Concrete Pavement (CRCP). Guardrail, lights, signs and drainage upgrades or repairs. Mr. Roth was the lead estimator for this Design-Build project.

EMPLOYMENT HISTORY:
Chief Estimator/Vice President – RockForce Constr., Lake Forest (2 Year)
Regional Chief Estimator – Ames Construction, Inc., Corona, CA (5 Years)
Chief Estimator – C.C. Myers, Inc., Rancho Cordova, CA (3 Years)
Chief Estimator – Sema Construction, Inc. Lake Forest, CA (5 Years)
Chief Estimator – The R.J. Noble Company, Orange, CA (6 Years)

NOTABLE ACCOMPLISHMENTS:
Caltrans—08-0M94U4 SR-215 widening project ($132 M)
Provided Caltrans with a value engineering plan on a railroad shoofly bridge saving the project owner over 5 million dollars, reducing overall project costs and saving time on this A+B project.

Vulcan Materials—Azusa Quarry and Reliance Landfill ($103 M)
Lead the estimating team in providing three options for the Project Owner allowing them to select the option which best suited their schedule and budget. He helped Vulcan Materials find a solution which allowed them to meet their projected milestones dates which would not have been possible within the originally proposed bid documents.

RCTC—Perris Valley Line Commuter Rail ($132 M)
Provided value engineering saving the Owner roughly four million dollars in dirt dumping fees, by proposing different material handling techniques on the overall earthwork of the project.
Jason M. Goldsbrough

Highly motivated project manager experienced with federal, state and local agencies. Dedicated to promoting company goals while providing clients with the highest level of satisfaction. Abilities include:

- Cal/OSHA Trenching and Excavation Competent Person 8 CCR 1541.1 OSHA 10/HR
- Construction Safety and Health, 2004
- Cal-Trans 24/HR SWPPP Training, 2003
- Certified for Permit Required Confined Space Entry Supervisor, 1997 Certified in Respirator Training, 1999
- 40/HR OSHA Asbestos Contractor/Supervisor Initial Course (AHERA), 1997
- Medic First Aid/CPR trained, since 1996

**Academic and Professional Degrees:**

Sacramento State College, B.S. Degree in Construction Management (Major), Business (Minor)

**Relevant Work Experience:**

2016 to Present: RockForce Construction, LLC., Lake Forest, CA,
Project Manager/Safety Manager

“Colorado River Aqueduct Whitewater Siphons Erosion Protection” for Metropolitan Water Districts of Southern California (MWD). Work involved demolition of existing concrete roadway, demolition of rip rap protection outfalls, construction of river diversion channel and berms 4,200 LF, mass excavation/backfill of protection berms and outfall drop structure 36,215 CY, placement of gabion baskets and mattresses 3,824 each, new concrete access roadway 315 CY, installation and maintenance of SWPPP BMP’s and rip rap
protection along berms and within drop structure of a 1-ton class 19,000 tons. Contract value $5.2 million.

“Riverbend Soil Revetment and Rough Grading Project” for Lennar Homes of California. Work involved clearing and grubbing 100 acres, mass excavation/backfill 600,000 CY, construction of over 5,000 LF of soil cement wall, dewatering, installation and maintenance of SWPPP BMP’s and finish grading of 98 housing pads. Contract value $8.1 million.

2013 to 2016: Innovative Construction Solutions, Inc. Santa Ana, CA
Senior Project Manager/Estimator /Safety Officer

“New Murray Middle School” for SSUSD. Work involved clearing and grubbing 35 acres, soil remediation of pesticide soil and capping with onsite soil and geotextile, mass excavation/backfill 75,000 CY, overexcavation of 20,730 CY, removal and disposal of 3,800 LF of asbestos pipe, demolition of existing roadways, installation and maintenance of SWPPP BMP’s and fine grading of 30 acres. Contract value $2.8 million.

“LADWP Phase 1 Headworks East Reservoir” for Los Angeles Department of Water and Power. Work involved demolition, mass excavation/backfill 175,000 CY up against a new concrete reservoir, fine grading of over 500,000 SF, abandonment of 14 groundwater wells, placement of 28,000 CY of a light weight topsoil, installation of a prefabricated retaining wall, installation and maintenance of SWPPP BMP’s and rock crushing of 3,900 CY. Contract value $5.8 million

“LACTMA Exploratory Shaft” for Los Angeles County Metropolitan Transportation Authority LA Metro). Work involved working directly with LA Metro to analyze different construction methods to construct the new Purple Line Westside Subway Expansion through asphalt impregnated sands (tar sands). Work consisted of excavation, ventilation and structural support of 18’ x 36’ x 73’ deep exploratory shaft, support LA Metro in carrying out geologic mapping, geotechnical mapping of the excavation, tieback testing and gas monitoring, in-situ testing of geologic materials and collection of samples, installation and maintenance of SWPPP BMP’s and restoration of the site to preconstruction conditions. Contract value $6.8 million.

2005 to 2013: Sukut Construction, Inc., Santa Ana, CA
Senior Project Manager/Estimator

“Natomas Levee Improvement Program, Sacramento River East Levee, Phase 3B” for Sacramento Area Flood Control Agency (SAFCA). Work involved 3 miles of a new earthen levee, soil-bentonite cutoff walls, seepage berms, concrete lined irrigation canals, demolition, destruction/construction of water wells,
electrical for pumps and motors to wells, dual 42" welded steel pipe bridge with pipe supported CIP concrete abutments over an existing canal, access roads, removal and disposal of hazardous soils. Contract value $19.2 million.

"Lancaster Water Reclamation Plant" for LA County Sanitation District No. 14 of Los Angeles County. Work involved construction of 4 each HDPE lined reservoirs at 100 acres each, 5,000 lf of 30" to 48" RCP, 11,000 lf of 34" HDPE pipe, 4 each 250-hp and 4 each 700-hp vertical pumps, motors and VFD's, screening structures, pump station, metering structures, 2-mil. gallon steel water tank, 30,000-gallon surge tank, and AC paving. Contract value $42.8 million.

"Puente Hills Landfill, Slope Stabilization, Phase 6" for LA County Sanitation District No. 2 of Los Angeles County. Work included mass excavation of an existing landslide, concrete grade beams, soil anchors, engineered fill, sub drainage systems, concrete drainage structures, and asphalt roadway. Contract value $4.6 million.

"Prima Deshecha Landfill, Zone 1, Phase C2, Ground Water Protection Composite Liner" for the County of Orange, Integrated Waste Management Department. Work included mass excavation, waste excavation, construction of sub drainage systems, process/fill of existing clay-soil liner, geosynthetics, LCRS gravel layer, LCRS drainage system, geocomposite, operations layer, asphalt overlay, 48-inch pipe jacking, and construction of various concrete drainage structures. Contract value $5.6 million.

1996 to 2005: Performance Excavators, Inc., San Rafael, CA
Project Manager

"Napa Flood Control Project, Contract 2 East" for S.D. Carmack Dirtmoving, Inc. Coordinated and managed all on-site activities including site clearing and grubbing, air monitoring, off-site transportation/disposal, excavation and characterization of soil per soil sampling data, import of clean fill material, and subcontractor coordination. Disburse coordination meeting information to task managers and subcontractors. Perform daily quantities calculations, negotiate change orders and evaluate work progress, equipment needs and personnel coordination. Responsible for reporting daily time recording and preparation of invoice quantities.

"Highway 29, Napa Wetlands Mitigation Project" for Department of Transportation. Coordinated and oversaw all operations including excavation and removal of aerially deposited lead, on-site transportation, encapsulation of lead contaminated soil according to the "DTSC Variance", import clean backfill, air monitoring, revegetation and SWPPP implementation, creek diversion, and installation of new storm drain facilities.

"Highway 80/580 Separation, Seismic Retrofit" for Department of Transportation. Coordinated and managed site operations involving excavations for seismic retrofitting of new and existing bridge footings. Soils were contaminated from varied previous site activities and were tracked and handled according to an evolving Soils Management Plan under the Department of Toxic Substances Control's "Area of Contamination" guidelines. These guidelines stipulate documentation of excavation sources, stockpile locations and eventual destinations of excavation spoils if used as backfill. Project entailed heavy coordination with general contractors and Caltrans schedules, non-hazmat subcontractors and varying access conditions (low overhead, scaffolding, nearby open excavations, etc.).

1995 to 1996: CSV/Stuber-Stroeh, Novato, CA
Engineering Technician
Michael McGilton

Areas of Expertise

Project Management/Estimating professional with extensive experience in design/build, CM @Risk, and traditional hard-bid including overseeing the entire scope of multi-million-dollar projects in heavy civil, mechanical and industrial construction with special emphasis in water/wastewater treatment plant construction, bridge and highway design and construction, rare earth mining and solar energy construction. Also experienced in directing large construction teams, subcontractors, developing and maintaining good relationships with clients, engineers, and inspectors to address and resolve issues and achieve project goals.

Professional Experience

Project Executive / Lead Estimator
*Rockforce Construction, LLC*

Project Executive – Cactus Basins 4 & 5 – Rialto, CA
$14 million project constructing a basin and dam structure for the San Bernardino County Flood Control District. The project consisted of 800,000 Cy of excavation, over 5,000 Cy of structural concrete including a 10x14 rcb, spillway, outlet structures, a 72x84 sluice gate, slide gates, 4,000 Lf of HDPE pipe.

Sr. Project Manager / Lead Estimator
*Ames Construction Inc.*

Acting Chief Estimator
Due to the departure of Ames Chief Estimator, I was assigned to fill the role of Chief Estimator for 8 months until new Chief Estimator was hired. Estimating software - HCSS.

Lead Estimator / Construction Manager – Emergency Waterline Phase 1 – Porterville, CA
$8 million project consisting of completing 30,000 l.f. of 8” to 24” PVC waterline for the California Department of Water Resources (DWR)
Good Safety Record, No Recordable, No Lost Time Due to Injuries.

Lead Estimator / Construction Manager – Emergency Waterline Phase 2 – Porterville, CA
$6.5 million project consisting of completing 18,000 Lf. of 8” to 16” PVC waterline for the California Department of Water Resources (DWR)
Good Safety Record, One Recordable, No Lost Time Due to Injuries.

Lead Estimator / Sr. Project Manager – Crafton Hills Pump Station Completion – Mentone, CA - $31.5 million project consisting of completing three pump stations for the California Department of Water Resources (DWR) which included installing 12 (4500 gpm) vertical turbine pumps, mechanical piping, 15kV switchyard and transformers, electrical, SCADA and start up and commissioning.
Michael McGilton

Good Safety Record, One Recordable, No Lost Time Due to Injuries.

Construction Manager/Consultant
FHI Plant Services, Inc.

Las Vegas, NV

Construction Manager/Consultant – Solana Generating Station, 280-megawatt (MW) Gila Bend, AZ - $15 million.

Main Power Block – Management of installation and welding 36" thru 3" process steam piping, valves, fittings, equipment and instrumentation for the steam turbines and cooling towers. QA/QC management that included, VT inspection of all welds, 10% x-ray of welds and document control.

Parabolic Mirror Field – Management of field installation of 2" dia. stainless steel schott tubes on the parabolic mirrors and field welding 20,000 schott tubes together making one continues loop around collectors. QA/QC management that included, VT inspection of all welds, 10% x-ray of welds and document control.

Construction Manager/Consultant
PDC, Inc.

6/2013 to 6/2014
Goodyear, AZ

Financial Analyst and Change-Order Consultant – Molycorp Inc. (Project Phoenix) Rare Earth Mine Expansion Project
Prepare and negotiate change orders with Owner totaling $4.8 million that affected a $20 million project that included new construction design, detailing and supply of (240) precast concrete sections for the Utilidor, (80,000 CY) cut/fill, (12) cast-in-place concrete vaults, (53,000 LF) mechanical piping systems such as HP steam distribution system, condensate, caustic, LPG distribution system, HVAC and electrical systems contained with the Utilidor.

Sr. Project Manager/Estimator
PCL Civil Southwest

5/2001 to 6/2013
Tempe, AZ

Lead Estimator/Sr. Project Manager - San Jacinto RWRF Expansion Project. $142 million project which included construction of 28 new concrete structures (36,000 CY), (226,000 CY) cut/fill, (60,000 LF) underground piping, 2 Digesters, 220' diameter primary and secondary tanks along with covers, 4 - 4,800 gpm vertical turbine pumps, process equipment, process piping, 4 electrical buildings and generator systems, (29,000) LF electrical duct banks, new operation and maintenance building, HVAC, to upgrade the capacity of the existing facility from 7 to 16 (mgd). start-up and commissioning of facility
Great Safety Record, No Recordable or Lost Time Due to Injuries.

Lead Estimator/Sr. Project Manager - Avondale GMP #1, 2 & 3 WRF Phase I Expansion Project. $52 million project which included construction of various new concrete structures (23,000 CY), 18,000 LF underground piping, process equipment, process piping, electrical systems to upgrade the capacity of the existing facility from 4.5 to 12 (mgd). start-up and commissioning of facility
Good Safety Record, One Recordable, No Lost Time Due to Injuries.

Project Manager - 91st Ave. WWTP Expansion Completion Project (City of Phoenix). $179 million project that involved the completion and new construction of various architecture concrete structures (48,000 CY), underground yard piping (53,000 LF) process equipment, process mechanical piping, structural steel, T-Lok liner, underground duct banks (31,000 LF) electrical systems to upgrade the existing facility. start-up and commissioning of facility
Michael McGilton

Good Safety Records, Three Recordable, No Lost Time Due to Injuries.

Project Manager
US Filter/Chester Engineers
7/1991 to 5/2001
Pittsburgh, PA

Project Manager/Superintendent. Water/Waste Water Treatment Plants ranging from $3 to $71 million projects consisting of cut/fill, concrete structures, 54", 48" & 42" Interceptor Sewer, 96" & 84" steel liner plate tunneling, underground utility piping, process equipment, process mechanical piping, structural steel, electrical, Safety, QA/QC, estimating, project scheduling, job layout, supervision of construction activities and staffing, value engineering, cost control, document control, purchase orders, subcontracts, change orders, and claims analysis.

Field Engineer/Superintendent
IA Construction
5/1984 to 7/1991
Pittsburgh, PA

Field Engineer/Superintendent on Heavy Civil Bridge and Highway projects consisting of engineering design, estimating, supervision of construction activities and staffing, project scheduling, value engineering, document control, change orders, QA/QC, purchase orders, and subcontracts.

- Schuylkill Expressway Rehabilitation Project $ 98,000,000
- North Hills Expressway, LR 1021-5 $ 69,000,000

Design Engineer/Resident Engineer
Salvucci & Associates
6/1983 to 5/1984
Pittsburgh, PA

Design Engineer/Resident Engineer for heavy civil highway and bridge design, concrete foundations, pre-stressed concrete I-beams, structural steel, earth retaining walls, traffic signs and lighting. Level III NICET – certified construction inspector – performed in-depth and cursory bridge inspection.

Education

B.S., Civil Engineering
West Virginia University 1983
Morgantown, WV

Certifications

OSHA/10 Hour, OSHA/30 Hour, MSHA/24 Hour above Ground, MSHA/New Miner Training, CPR/First Aid
DENNIS M. WOOD

SUMMARY OF QUALIFICATIONS

- Experience working with large general contractors specializing in highway, road, subdivision, infrastructure and site development.
- Experience in installation of large concrete structures such as headwalls, box culverts, small bridges, catch basins and junction boxes, curb, gutter, aprons, driveways and sidewalks.
- Experience supervising the construction of multi-story block and concrete buildings including hospitals, an airport terminal with parking garage, hotel with five accommodation buildings, restaurant and water/sewer treatment plant.
- Hiring, training and supervision of numerous employees.
- Extensive experience with ensuring safe working conditions and implementing proper safety procedures on each project. Thorough understanding of federal and state safety regulations.
- Full project management from contract administration, scheduling, project tracking, procurement, site management, meetings and coordination of subcontractors.
- Skilled at communicating and negotiating with clients and designers regarding project decisions.
- Excellent problem solving skills, driven to succeed with strong interpersonal and negotiation skills.

PROFESSIONAL EXPERIENCE

2017 – Present  Driller, Yellow Jacket Drilling, Rancho Cucamonga, CA

2016-2017  Drillers Assistant (Lead Hand) Yellow Jacket Drilling, Rancho Cucamonga, CA

EQUIPMENT EXPERIENCE

- Down Hole Tools
- Hydropunch
- Submersible Pumps
- Forklift
- Backhoes
- Hollow Stem Auger
- Under-Reaming
- Simulprobe
- Cranes
- Tractor / Trailer
- Slurry Pump Equipment
- Down Hole Hammer
- Continuous Auger Drilling
- Diamond Coring Equipment

SPECIAL INSTALLATIONS:
Vibrating Wire Piezometers
Cathodic Protection
Various Environmental Well Installation
Dewatering Well Installation

TRAINING / CERTIFICATIONS

- OSHA HAZWOPER 40-hour trained
- Annual 8-hour update requirements
- Adult CPR – First Aid Training
- MSHA Certified
- API Worksafe
- Loss Prevention System (LPS)
- Defensive Driving (Smith System)
ISMAEL SAPIEN

PROFESSIONAL EXPERIENCE

2015 – Present  Auger Driller, Yellow Jacket Drilling, Rancho Cucamonga, CA

EQUIPMENT EXPERIENCE

- Hollow Stem Auger
- Hydraulic Jars
- Tractor/Trailer
- Direct Push
- Backhoes
- Simulprobe
- Submersible Pumps
- Cranes
- Forklift
- Air Rotary
- Hydropunch
- Slurry Pump Equipment

- HQ/NQ Wireline Coring
- Casing Perforation Systems
- Diamond Coring Equipment
- Down Hole Hammer
- Continuous Auger Drilling

SPECIAL INSTALLATIONS:

- Large Diameter Well Installation
- Injection/Extraction Wells
- Cathodic Protection
- Various Environmental Well Installation
- Multiple Nested Well Installation
- Domestic Well Installation
- Industrial Well Installation

TRAINING / CERTIFICATIONS

- OSHA HAZWOPER 40-hour trained
- Annual 8-hour update requirements
- Adult CPR – First Aid Training
- MSHA Certified
- API Worksafe
- Loss Prevention System (LPS)
- Defensive Driving (Smith System)
DORJE CHAN

Professional Experience

2014-Current
Driller
Yellow Jacket Drilling Services

Jan 2008- Jan 2009
Drillers Assistant
Daves Drilling

July 2002 Nov-2007
Drillers Assistant
Dons Drilling

Equipment Experience

- Mud Rotary
- Backhoes
- Down Hole Hammer
- Slurry Pump Equipment
- High Capacity/Pressure Cement

- Air Rotary
- Cranes
- Tractor/Trailer

- Dual Tube Rotary
- Video Logging Equipment
- Dual Tube Percussion

- Down Hole Tools
- Continuous Auger Drilling
- Air Rotary Casing Hammer

Training/Certifications

- Loss Prevention System
- MSHA Certified Certified Welder Mild / Stainless

- OSHA HAZWOPER 40-hour trained
- Defensive Driving Class A Driver
- Tanker endorsement

- Annual 8-hour update requirements
- CPR/First Aid
- Arizona Drillers License

Special Installations

Multiple Nested Well Installation
WILLIAM RYAN JR.

Professional Experience

Equipment Experience

- Mud Rotary
- Slurry Pump Equipment
- Forklift
- High Capacity/Pressure Cement
- Air Rotary
- Hydraulic Jars
- Down Hole Hammer
- Dual Tube Rotary
- Backhoes
- Down Hole Tools

Training/Certifications

- Nevada Driller License
- OSHA HAZWOPER 40-hour trained
- API Worksafe
- MSHA Certified
- Class D Driller
- CPR/First Aid
- Annual 8-hour update requirements
- Defensive Driving
- Loss Prevention System (LPS)

Special Installations

Multiple Nested Well Installation
Floodeed Reverse
Large Diameter Municipal Wells
REYES QUINTERO

EXPERIENCE

Nov 2018- Present: Yellow Jacket Drilling Services, LLC - Field Operations Manager

2017-Nov 2018: Cascade Drilling - Project Manager

2013-2017: National - Project Manager

2002-2013: WDC - Field Operations Manager

DRILLING METHODS AND TYPES OF DRILLING EXPERIENCE

Drilling Methods:
- Auger, Air Rotary, Air Rotary with Tubex/Stratex, Air rotary with Casing Advancement, Mud rotary, Coring

Environmental Drilling:
- Soil Boring & Sampling, Monitoring Wells, Vapor Extraction Wells, Air Sparge Wells, Well Development & Sampling, Well Abandonment, Cathodic Protection Wells, Soil Gas Sampling (Simulprobe)

Geotechnical Drilling:
- Soil Boring & Sampling, Piezometer Wells, Indimeter Wells

Water Wells:
- Domestic Well Installation, Domestic Well Abandonment, Irrigation Well Abandonment, Pump Installation

TRAINING AND CERTIFICATIONS

- NGWA Certified Well Driller and Pump Installer

- OSHA Hazwoper 40-hour trained with current 8-hour refresher

- MSHA certified

- Defensive Driving (Smith System)

- CPR/ First Aid

- Attended and successfully completed Baroid Mud school

**LIST OF DESIGNATED SUBCONTRACTORS**

**SPEC #:** 1361W

**PROJECT TITLE:** MOUNTAIN AVENUE WEST REPLENISHMENT BASIN

**NAME OF CONTRACTOR:** ROCKFORCE CONSTRUCTION, LLC.

In compliance with the provisions of Sec. 4100-4111, inclusive, of the Public Contract Code of the State of California, and any amendments thereof, each bidder shall set forth: the name, location of the place of business, license number, portion of the work which will be done by each subcontractor who will perform work or labor or render service to the Contractor in or about the construction of the work or improvement in an amount in excess of one-half of one percent (1/2 of 1%) of the Contractor's total bid. Each portion of Subcontracted work noted in the below table must be specific and contain all major activities associated with completion of the project, outside of the services provided by the bidding Contractor. Ambiguous and/or incomplete Subcontracted work information may deem the bid nonresponsive. Each subcontractor shall possess, both at the time the bid is submitted and at all times when work is performed, a valid contractor's license for the appropriate classification necessary to perform the work for which that subcontractor is listed.

**BIDDER SHALL PROVIDE THE FOLLOWING INFORMATION:**
Company Name, Business Address, Email Address, License No., Contractor Registration No., Subcontract Work, and % Of Total Bid

*PLEASE WRITE LEGIBLY*

NON-COLLUSION DECLARATION

TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

I am the **VICE PRESIDENT** of **ROCKFORCE CONSTRUCTION, LLC.**
the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or of any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on **8/1/19** [date], at **LAKE FOREST** [city], **CALIFORNIA** [state]

Signed: [Signature]

Name: **CRAIG ROTH**
(Print Name Here)

C7-1 00032 Non-Collusion Declaration
IRAN CONTRACTING ACT CERTIFICATION

Pursuant to the Iran Contract Act of 2010 (Public Contract Code 2200-2208), Vendors/Bidders are ineligible to bid on or submit a proposal for any contract with a public entity for goods or services of one million dollars ($1,000,000) or more if the Vendor/Bidder engages in investment activities in Iran.

MUST BE SUBMITTED WITH BID PROPOSAL IF BID AMOUNT IS $1,000,000 OR MORE

Prior to bidding on, submitting a proposal, or executing a contract or renewal for a public entity contract for goods or services of $1,000,000 or more, a vendor must either: a) certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services (“DGS”) pursuant to Public Contract Code section 2203(b) and is not a financial institution extending $20,000,000 or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or b) demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code section 2203(c) or (d).

To comply with this requirement, please insert your vendor or financial institution name and Federal ID Number (if available) and complete one of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of $250,000 or twice the amount of the contract for which the false certification was made, contract termination, and three-year ineligibility to bid on contracts. (Pub. Cont. Code § 2205.)

OPTION #1 - CERTIFICATION

I, the official named below, certify I am duly authorized to execute this certification on behalf of the vendor/financial institution identified below, and the vendor/financial institution identified below is not on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars ($20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

OPTION #2 – EXEMPTION
Pursuant to Public Contract Code sections 2203(c) and (d), a public entity may permit a vendor/financial institution engaged in investment activities in Iran, on a case-by-case basis, to be eligible for, or to bid on, submit a proposal for, or enters into or renews, a contract for goods and services.

If you have obtained an exemption from the certification requirement under the Iran Contracting Act, please fill out the information below, and attach documentation demonstrating the exemption approval.

Please answer the following questions:

1. Has the Contractor been cited by Cal/OSHA or any regulatory agency for a violation related to safety or environmental issues within the past seven (7) years?  
   No [x] Yes [ ]

   If yes, please attach all documentation specific to each violation and what actions have been taken to ensure that there is not a repeat violation.

2. Has the Contractor had a fatality or serious incident per Cal/OSHA on a jobsite within the past ten (10) years?  
   No [x] Yes [ ]

   If yes, please attach all documentation specific to each violation and what actions have been taken to ensure that there is not a repeat violation.

I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

KNOW ALL MEN BY THESE PRESENTS, that we

Rockforce Construction, LLC

(Here insert full name and address or legal title of Contractor)

26772 Vsta Terrace, Lake Forest, CA 92630

as Principal, hereinafter called the Principal, and

Arch Insurance Company, 865 South Figueroa Street, Suite 2700, Los Angeles, CA 90017

(Here insert full name and address or legal title of Surety)

a corporation duly organized under the laws of the State of Missouri, hereinafter called the Surety, are held and firmly bound unto Eastern Municipal Water District, Obligee, hereinafter called the Obligee, in the sum of Ten Percent of Amount Bid (10%), for the payment of which sum well and truly to be made, the said Principal and the said Surety, bind ourselves, our heirs, executors, administrators, successors and assigns, jointly and severally firmly by these presents.

WHEREAS, the Principal has submitted a bid, dated August 1st, 2019, for Specification No. 1361W

Mountain Avenue West Replenishment Basin, Work Order # 414938, located at 1601 Villines Avenue, San Jacinto, California, 92583

(Here insert full name, address and description of Project)

NOW, THEREFORE, if the Obligee shall accept the bid of the Principal and the Principal shall enter into a Contract with the Obligee in accordance with the terms of such bid, and give such bond or bonds as may be specified in the bidding of Contract Documents with good and sufficient surety for the faithful performance of such Contract and for the prompt payment of labor and material furnished in the prosecution thereof, or in the event of the failure of the Principal to enter such Contract and give such bond or bonds, if the Principal shall pay to the Obligee the difference not to exceed the penalty hereof between the amount specified in said bid and such larger amount for which the Obligee may in good faith contract with another party to perform the Work covered by said bid, then this obligation shall be null and void, otherwise to remain in full force and effect.

In the event suit is brought upon this Bond by Obligee and judgement is recovered, the Surety shall pay all costs incurred by Obligee in such suits to be fixed by the court.

Signed and sealed this 29th day of July, 2019

Notary Public Acknowledgment required for Surety and Contractor
ACKNOWLEDGMENT

A notary public or other officer completing this certificate verifies only the identity of the individual who signed the document to which this certificate is attached, and not the truthfulness, accuracy, or validity of that document.

State of California
County of Orange

On 7/29/2019 before me, Shaunna Rozelle Ostrcm, Notary Public

(personal name and title of the officer)

personally appeared Arturo Ayala, who proved to me on the basis of satisfactory evidence to be the person(s) whose name(s) is/are subscribed to the within instrument and acknowledged to me that he/she/they executed the same in his/her/their authorized capacity(ies), and that by his/her/their signature(s) on the instrument the person(s), or the entity upon behalf of which the person(s) acted, executed the instrument.

I certify under PENALTY OF PERJURY under the laws of the State of California that the foregoing paragraph is true and correct.

WITNESS my hand and official seal.

Signature Shaunna Rozelle Ostrom (Seal)
This Power of Attorney limits the acts of those named herein, and they have no authority to bind the Company except in the manner and to the extent herein stated. Not valid for Note, Loan, Letter of Credit, Currency Rate, Interest Rate or Residential Value Guarantees.

POWER OF ATTORNEY

Know All Persons By These Presents:

That the Arch Insurance Company, a corporation organized and existing under the laws of the State of Missouri, having its principal administrative office in Jersey City, New Jersey (hereinafter referred to as the "Company") does hereby appoint:

Arturo Ayala, Daniel Huckabay, Dwight Reilly, Frank Morones and Shaunna Rozelle Ostrom of Orange, CA (EACH)

It is true and lawful Attorney(s)in-Fact, to make, execute, seal, and deliver from the date of issuance of this power for and on its behalf as surety, and as its act and deed:

Any and all bonds, undertakings, recognizances and other surety obligations, in the penal sum not exceeding Ninety Million Dollars ($90,000,000.00).

This authority does not permit the same obligation to be split into two or more bonds in order to bring each such bond within the dollar limit of authority as set forth herein.

The execution of such bonds, undertakings, recognizances and other surety obligations in pursuance of these presents shall be as binding upon the said Company as fully and amply to all intents and purposes, as if the same had been duly executed and acknowledged by its regularly elected officers at its principal administrative office in Jersey City, New Jersey.

This Power of Attorney is executed by authority of resolutions adopted by unanimous consent of the Board of Directors of the Company on September 15, 2011, true and accurate copies of which are hereinafter set forth and are hereby certified to by the undersigned Secretary as being in full force and effect:

"VOTED, That the Chairman of the Board, the President, or the Executive Vice President, or any Senior Vice President, of the Surety Business Division, or their appointees designated in writing and filed with the Secretary, or the Secretary shall have the power and authority to appoint agents and attorneys-in-fact, and to authorize them subject to the limitations set forth in their respective powers of attorney, to execute on behalf of the Company, and attach the seal of the Company thereto, bonds, undertakings, recognizances and other surety obligations obligatory in the nature thereof, and any such officers of the Company may appoint agents for acceptance of process."

This Power of Attorney is signed, sealed and certified by facsimile under and by authority of the following resolution adopted by the unanimous consent of the Board of Directors of the Company on September 15, 2011:

VOTED, That the signature of the Chairman of the Board, the President, or the Executive Vice President, or any Senior Vice President, of the Surety Business Division, or their appointees designated in writing and filed with the Secretary, and the signature of the Secretary, the seal of the Company, and certifications by the Secretary, may be affixed by facsimile on any power of attorney or bond executed pursuant to the resolution adopted by the Board of Directors on September 15, 2011, and any such power so executed, sealed and certified with respect to any bond or undertaking to which it is attached, shall continue to be valid and binding upon the Company.
In Testimony Whereof, the Company has caused this instrument to be signed and its corporate seal to be affixed by their authorized officers, this 3rd day of June, 2019.

Attested and Certified

Patrick K. Nails, Secretary

Arch Insurance Company

STATE OF PENNSYLVANIA SS
COUNTY OF PHILADELPHIA SS

I, Michele Tripodi, a Notary Public, do hereby certify that Patrick K. Nails and David M. Finkelstein personally known to me to be the same persons whose names are respectively as Secretary and Executive Vice President of the Arch Insurance Company, a Corporation organized and existing under the laws of the State of Missouri, subscribed to the foregoing instrument, appeared before me this day in person and severally acknowledged that they being thereunto duly authorized signed, sealed with the corporate seal and delivered the said instrument as the free and voluntary act of said corporation and as their own free and voluntary acts for the uses and purposes therein set forth.

CERTIFICATION

I, Patrick K. Nails, Secretary of the Arch Insurance Company, do hereby certify that the attached Power of Attorney dated June 3, 2019 on behalf of the person(s) as listed above is a true and correct copy and that the same has been in full force and effect since the date thereof and is in full force and effect on the date of this certificate; and I do further certify that the said David M. Finkelstein, who executed the Power of Attorney as Executive Vice President, was on the date of execution of the attached Power of Attorney the duly elected Executive Vice President of the Arch Insurance Company.

IN TESTIMONY WHEREOF, I have hereunto subscribed my name and affixed the corporate seal of the Arch Insurance Company on this 29th day of July, 2019.

Patrick K. Nails, Secretary

This Power of Attorney limits the acts of those named therein to the bonds and undertakings specifically named therein and they have no authority to bind the Company except in the manner and to the extent herein stated.
