INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she they is we are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photogrophically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
- Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
- Indicate title or type of attached document, number of pages and date.
- Indicate the capacity claimed by the signer, if the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

Permanent No. 4609-4*  
The Guarantee Company of North America USA

Dear Ms. Schrauben:

Transmitted herewith is the amended Certificate of Authority No. 4609-4 issued and effective September 4, 2014 and superseded Amended Certificate of Authority No. 08305.

This Certificate of Authority does not permit the writing of any insurance contracts within this State until you are in full compliance with the provisions of Proposition 103 (California Insurance Code § 1861 et seq.). It is the licensee’s responsibility to obtain prior approval of its rates in accordance with those provisions. The classes of insurance which are exempt from the Proposition 103 rate filing requirements include reinsurance, life, title, marine (certain types), disability, workers' compensation, mortgage and insurance transacted by county mutual life insurers. Proposition 103 rate filing applications must be submitted to the Department of Insurance, Rate Filing Bureau, 45 Fremont Street, San Francisco, CA 94105. Workers compensation, title and certain disability rates are subject to filing or approval under other laws.

California has adopted comprehensive regulations governing claims handling. See Title 10, California Code of Regulations, Section 2695.1 et seq., for insurer duties, which include the training of employees and agents. Additionally, pursuant to Insurance Code Section 1875.20, every insurer admitted to do business in this State shall maintain a Special Investigative Unit ("SIU") to investigate possible fraudulent claims by insureds or by persons making claims for services or repairs against policies held by insureds. Insurers are required to file a written statement with the Department attesting to the existence and maintenance of a SIU within the organization. Failure to comply may subject insurers to fines and penalties. See California Code of Regulations, Section 2698.40, et. seq.

If life, disability or workers' compensation will be written, see the following:

Disability (including "health"), group life, individual life supplemental benefits, variable life and annuity, credit life, credit disability and workers' compensation insurance policy forms must be approved before use. Individual life policies and individual and group annuities with indeterminate premiums, contributions or values must be filed before use; other individual life policies and individual and group annuities are generally exempt from filing. The procedures for filing policy forms are found in Title 10, California Code of Regulations §§2200 through 2218.10; see §2206 for filing locations. Licensees should become familiar with these regulations before submitting forms for approval.

California-based insurers must also receive approval of all separate account pension, retirement or profit-sharing plans.
