ADDENDUM NO. 1 TO PREQUALIFICATION FOR SPECIFICATION NO. 1382W & 1383W
San Jacinto Valley Raw Water Conveyance Facilities Phase 1 Program

This addendum to the specifications is for the purpose of adding, clarifying, or deleting certain information to the construction drawings and project specifications as follows:

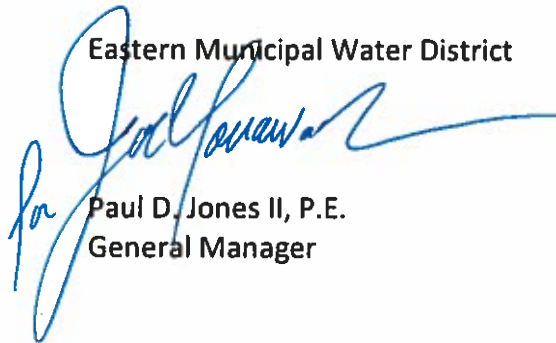

QUESTIONS & ANSWERS

Artukovich / Vidmar, JV

Q1. As there have not been many pipeline projects of 48" diameter within the last ten years, can the district revise the minimum qualifications to 30" minimum diameter?

A1. No change will be made to the Minimum Qualification Requirements.

Eastern Municipal Water District
