APPENDIX K

Paint Sample Heavy Metal Analysis Results
Nason/Elder Pumping Plant
November 4, 2008

Mr. Chuck Daniel
Eastern Municipal Water District
P. O. Box 8300
Perris, CA 92572-8300

Subject: Results - Paint Sample Heavy Metal Analysis

Re: Nason/Elder Pumping Plant

Dear Chuck:

Please find attached the results of the analysis performed on the six (6) paint samples obtained from the interior coating within the above referenced facility.

The samples were collected on Monday, October 6, 2008 and transmitted to Schneider Laboratories, Richmond, VA using proper chain-of-custody protocol. Each sample was analyzed for the heavy metals lead (Pb), chromium (Cr), and cadmium (Cd). The certified laboratory tested each sample in accordance with EPA 3050B/Method 7420. A Summary Data Table and Photo Summary are attached.

Thank you for your confidence in CSI Services, Inc., and please give us a call with any questions.

Sincerely,
CSI Services, Inc.
