April 18 - May 18

BROUGHT TO YOU BY YOUR INLAND EMPIRE FAMILY OF WATER AGENCIES

INLAND EMPIRE
Landscape Contest

GRAND PRIZE
\$1,000!

EMWD PRESENTS...DID YOU KNOW?

EMWD conducts more than 54,000 water quality tests each year to ensure your tap water is safe to drink. We also have state-of-the-art treatment processes to remove contaminants, viruses, and pathogens so that you can be confident your water continues to meet and exceed state and federal drinking water standards.

As the regional wastewater provider, EMWD works hard to maintain a healthy sewer system. But you can do your part by only flushing the 3 P's: pee, poop and toilet paper. Sanitary wipes should never be placed down the drain, as they do not break down and can cause costly damages to your sewer system.
