PRINCIPALS OF BOWE CONTRACTORS INC.
(Including key employees)

DARIN J. BOWE - President and CEO
On-Site & Off-Site
Mr. Bowe has been in the construction industry for over 30 years and has background in carpentry, electrical, concrete and has an extensive knowledge of all related building trades. He began as an electrical apprentice and worked up to superintendent. He then transferred to the carpenters union advancing from an apprentice to a project superintendent and estimator over the course of 20 years. He has managed and successfully completed multi-million dollar complex projects. He is the President and Chief Executive Officer for Bowe Contractors Inc. Mr. Bowe holds California State Contractor Licenses A & B. Mr. Bowe has a vast knowledge of CPM systems, WIP schedules, Financial Statements, job schedules, costs and their subsequent effects on net and gross profits as well as working capital.

KAREN A. BOWE - Chief Financial Officer
Ms. Bowe is the senior office and accounting manager. Responsibilities include overseeing all office personnel, bonding commitments, insurance requirements and financial data analysis. She is schooled in accounting, construction management, and Sage Timberline 300 job costing and project management software. Regularly attends seminars to stay current on upgrades and additions to the software. She is very adept in the progress payment rules and regulations as well as preliminary lien laws and the related release process. All job changes go through the accounting system and are tracked on a weekly basis. Prepares monthly financial statements and cash flow projections. Job costing and work in progress schedules. Works closely with outside accountant and bonding company. Hires and trains jobsite administration positions and project engineers.

JERRY GENOCHIO – Vice President of Operations
Jerry has recently come to join BCI’s team after years in another field. He has OSHA training and certification, and is also our Safety Officer. He has been brought in to tighten up procedures and develop process so that BCI may streamline projects in the field better and the document and change flows become smoother. So far, this has been a great fit and incredibly positive addition to BCI.
**Mike Soffa – Senior Estimator**

BCI and Mike have had a working relationship for over 25 years and brought him in a couple years ago as chief estimator, taking over for Darin Bowe. This has been a great addition to our main office team. Mike has a vast knowledge of public works estimating and construction methods and means. He is currently bidding active work and is assisting in the change order management, change bulletin and design issues and has been an asset in managing larger projects as we move forward.

**VICKIE SPEED – Estimating & Project Management Assistant**

Ms. Speed assists in the management of each and every project. From the actual bidding process, to signed owner contracts, to the beginning stages of submittals, subcontracts, bonds, schedules, mobilization and implementation. After award, she begins the daunting task of collecting spec section information in the effort to construct submittal logs and documentation in relation to the particular project in its infancy. She remains involved from that point to completion, aiding in the change proposal process, request for information needs, and basically all correspondence with subcontractors. She works out of our main office and meets weekly with each superintendent in an effort to keep their projects moving along smoothly. She is an invaluable part of the construction process in relation to our company structure.

**Yvonne Bianco – Accounts Receivable Billings (AIA), Subcontractor Progress Draws, WIP Schedules, month end financials, job cost analysis.** Assists the CEO in the process of project projections against budgets, etc.

**Kathy Almeida – Certified Payroll and Labor Compliance**

This position processes union payroll, work comp, tax and labor compliance reports on a weekly, monthly and quarterly process. Verifying certified payroll and labor compliance for all public works projects. Each and every certified payroll report submitted is reviewed on the way to the owner’s labor compliance designee. Should any one subcontractor fall behind, or have corrections or errors on their weekly payroll reports, she notifies that company and begins the tedious task of obtaining corrected forms. At the onset of each project, labor compliance packets will be sent out to each subcontractor with the requirements of not only the State of California Labor Compliance Bureau, but the owner’s labor compliance wishes as well. This particular area of each project is taken quite seriously and Bowe Contractors is very thorough and conscientious in performing these tasks.

INSTRUCTIONS FOR COMPLETING THIS FORM

This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary laws:

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (e.g., husband/wife is here) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photgraphically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
  - Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
  - Indicate title or type of attached document, number of pages and date.
  - Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (e.g., CEO, CFO, Secretary). Securely attach this document to the signed document with a staple.
