

**PROPOSAL**

The undersigned hereby declares, as Bidder, that the only persons or parties interested in this proposal as principals are those named herein; that no director or any other officer or employee of the Eastern Municipal Water District is in any manner interested directly or indirectly in this proposal or in the profits to be derived from the contract proposed to be taken; that this bid is made without any connection with any person or persons making a bid for the same purpose; that the bid is in all respects fair and without collusion or fraud; that he has read the Notice Inviting Bids (or Bidding Information) and the Instructions to Bidders and agrees to all the stipulations contained herein; that he proposes and agrees that if his bid as submitted in the attached sheets, be accepted he will contract in the form so approved and furnish the items called for in accordance with the provisions of said approved form of Agreement and the Specifications and to deliver the same within the time stipulated therein; and that he will accept in full payment therefore the prices named in said Bid Sheet.

The Bidder further agrees, that upon receipt of written notice of the acceptance of this proposal within 60 days after the day of opening bids (unless otherwise specified in the Notice Inviting Bids or Bidding Information) he will execute and return the Contract in accordance with the proposal as accepted and furnish the required bond(s) within **SEVEN (7)** days from the date of mailing the Notice of Acceptance of Proposal to him at his address given below, or within such time as allowed by the Engineer; and that upon his failure or refusal to do so within the said time, then the certified or cashier's check or bond accompanying this bid shall become the property of and be retained by the Eastern Municipal Water District as liquidated damages for such failure or refusal, and shall be deposited with the Treasurer of said Eastern Municipal Water District as monies belonging to the Eastern Municipal Water District; provided, that if said Bidder shall execute the Contract and furnish the required bond within the time aforesaid, his check or bond shall be returned to him thereafter.

The Bidder further declares that the surety or sureties named in the attached sheet have agreed to furnish bond in form and amount set forth in the accompanying Notice Inviting Bids (or Bidding Information) and paragraph B-6 of the Instructions to Bidders, in the event contract is awarded on basis of this proposal.

Cedro Construction Inc. has been in business for 15 years specializing in installation of underground utilities such as Water line, sewer line, Storm Drain and dry utilities (Backbone & in tract). Andrew Cedro, President, has a vast experience over 27 years.

Safety is our number one priority and we take it very seriously.

We have the experience, capability, equipment and personnel you require for any of underground utility construction needs. We are available to serve Ventura County, Santa Barbara County, Los Angeles County Riverside County, and Orange County.

At Cedro Construction Inc., we work where we live and know these counties, cities and towns better than anyone else in the business. This means we know the land we're working on like our own back yard. But this also helps us build the relationships with the businesses and municipalities that are critical for cutting through red tape, and performing work quickly and cost effectively.

**IRAN CONTRACTING ACT CERTIFICATION**

Pursuant to the Iran Contract Act of 2010 (Public Contract Code 2200-2208), Vendors/Bidders are ineligible to bid on or submit a proposal for any contract with a public entity for goods or services of one million dollars (\$1,000,000) or more if the Vendor/Bidder engages in investment activities in Iran.

**MUST BE SUBMITTED WITH BID PROPOSAL IF BID AMOUNT IS \$1,000,000 OR MORE**

Prior to bidding on, submitting a proposal, or executing a contract or renewal for a public entity contract for goods or services of \$1,000,000 or more, a vendor must either: a) certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code section 2203(b) and is not a financial institution extending \$20,000,000 or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or b) demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code section 2203(c) or (d).

To comply with this requirement, please insert your vendor or financial institution name and Federal ID Number (if available) and complete one of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made, contract termination, and three-year ineligibility to bid on contracts. (Pub. Cont. Code § 2205.)

**OPTION #1 - CERTIFICATION**

I, the official named below, certify I am duly authorized to execute this certification on behalf of the vendor/financial institution identified below, and the vendor/financial institution identified below is not on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

## **QUESTIONS & ANSWERS**

### **Ferreira Construction**

- Q1. Will materials on the approved list require inspection? What materials require the inspection - PVC pipe, valves, air vacuum assemblies, hydrants, copper? What hold point do you need to inspect on those items?**
- A1. All materials on this project, whether listed on the Approved Materials List or not, are required to pass through standard inspection requirements, as detailed in the Specifications. Please review GENERAL CONDITIONS, Section E – Inspection and Tests, and Section F – Labor & Construction to assist with details. The hold point for inspection depends on the items under inspection. No specific time can be estimated or provided at this point.**
- Q.2. The alignment calls out for various sections of restrained joints. It is our understanding that fusible PVC does not require restraints. Does the agency want mega lug restraints for these sections in lieu of fusing?**
- A2. The project calls for restrained joints in areas where connections and appurtenances, such as valves, require restraint. A Fusible PVC joint constitutes a restrained joint, and thus doesn't require additional restraints. Fusible PVC pipe lengths shall be fused in their entirety and shall be staged prior to installation, except where joints are required for ductile iron fittings, as shown on the Drawings. Mega lug restraints are acceptable for the restrained portions as shown on the Drawings and in accordance with Section 15057 – Ductile Iron Water Pipe and Fittings. Also refer to Section 15065-6, Part 2.04 for Fusible PVC and ductile iron mechanical and flanged fittings.**
- Q3. Are we allowed to close the road during work hours? The encroachment permit does not mention whether it is allowed.**
- A3. The encroachment permit provided in the Specifications is a “conditional permit” and has been provided as a place-holder permit for this project. The Contractor will be required to pull a duplicate permit from the City of Menifee, and comply with all the requirements on the permit. It is the Contractor's responsibility to provide the City with accurate project information and specific construction requirements pertaining to the project when obtaining the permit. As part of the encroachment permitting process, traffic control plans will be required to be submitted and approved by the City. These traffic control plans should include any specific requests, such as proposed road closures. The City is the authorizing jurisdiction for these specific requests.**

- Q4. About the required insurance, will you need an installation floater or a builder's risk?
- A4. Builders "All Risk" is required. Please refer back to SC-08 and Insurance Sample included in the Specification for requirements.
- Q5. Where are the services located in relation to the interconnects? Can you provide a map with the affected services and hydrant locations?
- A5. All existing pertinent appurtenances are labeled with call-outs on the Drawings. It is the Contractor's responsibility to field-verify the existing services and proposed interconnections prior to any construction activity. No additional information will be provided.

**T. E. Roberts, Inc.**

- Q1. I was wondering if a Pollution policy for \$1MM/\$2MM would be accepted for the Paseo Vivora Pipeline Replacement Project bidding on 8-22-17?
- A1. SC-08 requirements will not be amended.
