## INSTRUCTIONS FOR COMPLETING THIS FORM

*This form complies with current California statutes regarding notary wording and, if needed, should be completed and attached to the document. Acknowledgments from other states may be completed for documents being sent to that state so long as the wording does not require the California notary to violate California notary law.*

- State and County information must be the State and County where the document signer(s) personally appeared before the notary public for acknowledgment.
- Date of notarization must be the date that the signer(s) personally appeared which must also be the same date the acknowledgment is completed.
- The notary public must print his or her name as it appears within his or her commission followed by a comma and then your title (notary public).
- Print the name(s) of document signer(s) who personally appear at the time of notarization.
- Indicate the correct singular or plural forms by crossing off incorrect forms (i.e. he/she/they, is/are) or circling the correct forms. Failure to correctly indicate this information may lead to rejection of document recording.
- The notary seal impression must be clear and photographically reproducible. Impression must not cover text or lines. If seal impression smudges, re-seal if a sufficient area permits, otherwise complete a different acknowledgment form.
- Signature of the notary public must match the signature on file with the office of the county clerk.
  - ❖ Additional information is not required but could help to ensure this acknowledgment is not misused or attached to a different document.
  - ❖ Indicate title or type of attached document, number of pages and date.
  - ❖ Indicate the capacity claimed by the signer. If the claimed capacity is a corporate officer, indicate the title (i.e. CEO, CFO, Secretary).
- Securely attach this document to the signed document with a staple.

## PUBLIC WORKS CONTRACTOR REGISTRATION

(Pursuant to SB 854)

This project is subject to compliance monitoring and enforcement by the Department of Industrial Relations.

Pursuant to Section 1771.1 of the Labor Code, no contractor or subcontractor shall be qualified to bid on, be listed in a bid proposal pursuant to Section 4104 of the Public Contract Code, or engage in the performance of any contract for public work unless currently registered to perform public work pursuant to Section 1725.5 of the Labor Code. It shall not be a violation of this section for an unregistered contractor to submit a bid that is authorized by Section 7029.1 of the Business and Professions Code or by Sections 10164 or 20103.5 of the Public Contract Code, provided the contractor is registered to perform public work pursuant to Section 1725.5 at the time the contract is awarded.

**BIDDERS AND THEIR SUBCONTRACTORS (listed on the Designation of Subcontractors List C-05) are to provide an extract (pdf) at time of bid showing active registration from the Public Works Contractor Registration online registration at <https://efiling.dir.ca.gov/PWCR/Search>**

### IRAN CONTRACTING ACT CERTIFICATION

Pursuant to the Iran Contract Act of 2010 (Public Contract Code 2200-2208), Vendors/Bidders are ineligible to bid on or submit a proposal for any contract with a public entity for goods or services of one million dollars (\$1,000,000) or more if the Vendor/Bidder engages in investment activities in Iran.

#### **MUST BE SUBMITTED WITH BID PROPOSAL IF BID AMOUNT IS \$1,000,000 OR MORE**

Prior to bidding on, submitting a proposal, or executing a contract or renewal for a public entity contract for goods or services of \$1,000,000 or more, a vendor must either: a) certify it is not on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code section 2203(b) and is not a financial institution extending \$20,000,000 or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or b) demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code section 2203(c) or (d).

To comply with this requirement, please insert your vendor or financial institution name and Federal ID Number (if available) and complete one of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made, contract termination, and three-year ineligibility to bid on contracts. (Pub. Cont. Code § 2205.)

#### **OPTION #1 - CERTIFICATION**

I, the official named below, certify I am duly authorized to execute this certification on behalf of the vendor/financial institution identified below, and the vendor/financial institution identified below is not on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

## **QUESTIONS & ANSWERS**

### **Ferreira Construction**

- Q1. Will materials on the approved list require inspection? What materials require the inspection - PVC pipe, valves, air vacuum assemblies, hydrants, copper? What hold point do you need to inspect on those items?**
- A1. All materials on this project, whether listed on the Approved Materials List or not, are required to pass through standard inspection requirements, as detailed in the Specifications. Please review GENERAL CONDITIONS, Section E – Inspection and Tests, and Section F – Labor & Construction to assist with details. The hold point for inspection depends on the items under inspection. No specific time can be estimated or provided at this point.**
- Q.2. The alignment calls out for various sections of restrained joints. It is our understanding that fusible PVC does not require restraints. Does the agency want mega lug restraints for these sections in lieu of fusing?**
- A2. The project calls for restrained joints in areas where connections and appurtenances, such as valves, require restraint. A Fusible PVC joint constitutes a restrained joint, and thus doesn't require additional restraints. Fusible PVC pipe lengths shall be fused in their entirety and shall be staged prior to installation, except where joints are required for ductile iron fittings, as shown on the Drawings. Mega lug restraints are acceptable for the restrained portions as shown on the Drawings and in accordance with Section 15057 – Ductile Iron Water Pipe and Fittings. Also refer to Section 15065-6, Part 2.04 for Fusible PVC and ductile iron mechanical and flanged fittings.**
- Q3. Are we allowed to close the road during work hours? The encroachment permit does not mention whether it is allowed.**
- A3. The encroachment permit provided in the Specifications is a "conditional permit" and has been provided as a place-holder permit for this project. The Contractor will be required to pull a duplicate permit from the City of Menifee, and comply with all the requirements on the permit. It is the Contractor's responsibility to provide the City with accurate project information and specific construction requirements pertaining to the project when obtaining the permit. As part of the encroachment permitting process, traffic control plans will be required to be submitted and approved by the City. These traffic control plans should include any specific requests, such as proposed road closures. The City is the authorizing jurisdiction for these specific requests.**

- Q4. About the required insurance, will you need an installation floater or a builder's risk?
- A4. Builders "All Risk" is required. Please refer back to SC-08 and Insurance Sample included in the Specification for requirements.
- Q5. Where are the services located in relation to the interconnects? Can you provide a map with the affected services and hydrant locations?
- A5. All existing pertinent appurtenances are labeled with call-outs on the Drawings. It is the Contractor's responsibility to field-verify the existing services and proposed interconnections prior to any construction activity. No additional information will be provided.

T. E. Roberts, Inc.

- Q1. I was wondering if a Pollution policy for \$1MM/\$2MM would be accepted for the Paseo Vivora Pipeline Replacement Project bidding on 8-22-17?
- A1. SC-08 requirements will not be amended.
