

DiscoveryCube

FREE Water Education Program

Kindergarten through Grade 8

SPONSORED BY:

EMWD provides complimentary environmental assembly programs for school located within its service area. Curriculum is now available for grades K-8. Visit our website to See if your school qualifies: emwd.org/theater-assembly-program

Students will be engaged in a fun-filled educational program focusing on water concepts such as:

Kindergarten through Grade 2:
Topography and Our Water

Grade 3 through Grade 5:
Water Filtration

Grade 6 through Grade 8:
Health of Local Ecosystems and Watersheds

Students will be actively involved in water demonstrations, musical science experiences, interactive technology, all integrated with grade-appropriate Next Generation Science Standards (NGSS).

Assemblies of 100 or more students, will be held at your school. Assemblies are 50 minutes in length.

To reserve your assemblies:
Please contact Lleiss@Discoverycube.org
or call 714-263-3815 for more details.
