SPECIFICATION NO. 1309W
PASEO VIVORA PIPELINE REPLACEMENT PROJECT**

BIDDING SHEETS

The Contractor shall construct the project under these Specifications all in conformance with the Contract Drawings listed in Section P and these Specifications.

The District reserves the right to:

- A. Accept or reject any or all bids on this specification;
- B. Award Contract to the lowest qualified bidder, based on the total bid price;
- C. Waive any defects and informalities.

The District shall be the final authority with regard to whether a bid is responsive to the call for bids and to whether a bidder is a responsible bidder under the conditions of his bid, or for any reason.

The total contract price shall include all work, materials and equipment needed to complete the project as defined in the General Conditions, Section F. The bidder shall include costs for such other items in the most appropriate category (bid item).

The Contractor shall pick up all furnished items at the District yard. Furnished items will be loaded onto the Contractor's truck by the District.

NON-COLLUSION DECLARATION

TO BE EXECUTED BY BIDDER AND SUBMITTED WITH BID

The undersigned declares:

President, Secretary Hemet Mfg. Co., Inc. dba
I am the Treasurer of Genesis Construction
the party making the foregoing bid.

The bid is not made in the interest of, or on behalf of, any undisclosed person, partnership, company, association, organization, or corporation. The bid is genuine and not collusive or sham. The bidder has not directly or indirectly induced or solicited any other bidder to put in a false or sham bid. The bidder has not directly or indirectly colluded, conspired, connived, or agreed with any bidder or anyone else to put in a sham bid, or to refrain from bidding. The bidder has not in any manner, directly or indirectly, sought by agreement, communication, or conference with anyone to fix the bid price of the bidder or of any other bidder, or to fix any overhead, profit, or cost element of the bid price, or of that of any other bidder. All statements contained in the bid are true. The bidder has not, directly or indirectly, submitted his or her bid price or any breakdown thereof, or the contents thereof, or divulged information or data relative thereto, to any corporation, partnership, company, association, organization, bid depository, or to any member or agent thereof, to effectuate a collusive or sham bid, and has not paid, and will not pay, any person or entity for such purpose.

Any person executing this declaration on behalf of a bidder that is a corporation, partnership, joint venture, limited liability company, limited liability partnership, or any other entity, hereby represents that he or she has full power to execute, and does execute, this declaration on behalf of the bidder.

I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration is executed on 8-21-17 [date], at Hemet [city], California [state]

IRAN CONTRACTING ACT CERTIFICATION

Pursuant to the Iran Contract Act of 2010 (Public Contract Code 2200-2208), Vendors/Bidders are ineligible to bid on or submit a proposal for any contract with a public entity for goods or services of one million dollars (\$1,000,000) or more if the Vendor/Bidder engages in investment activities in Iran.

MUST BE SUBMITTED WITH BID PROPOSAL IF BID AMOUNT IS \$1,000,000 OR MORE

Prior to bidding on, submitting a proposal, or executing a contract or renewal for a public entity contract for goods or services of \$1,000,000 or more, a vendor must either: a) certify it is **not** on the current list of persons engaged in investment activities in Iran created by the California Department of General Services ("DGS") pursuant to Public Contract Code section 2203(b) and is not a financial institution extending \$20,000,000 or more in credit to another person, for 45 days or more, if that other person will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS; or b) demonstrate it has been exempted from the certification requirement for that solicitation or contract pursuant to Public Contract Code section 2203(c) or (d).

To comply with this requirement, please insert your vendor or financial institution name and Federal ID Number (if available) and complete **one** of the options below. Please note: California law establishes penalties for providing false certifications, including civil penalties equal to the greater of \$250,000 or twice the amount of the contract for which the false certification was made, contract termination, and three-year ineligibility to bid on contracts. (Pub. Cont. Code § 2205.)

OPTION #1 - CERTIFICATION

I, the official named below, certify I am duly authorized to execute this certification on behalf of the vendor/financial institution identified below, and the vendor/financial institution identified below is **not** on the current list of persons engaged in investment activities in Iran created by DGS and is not a financial institution extending twenty million dollars (\$20,000,000) or more in credit to another person/vendor, for 45 days or more, if that other person/vendor will use the credit to provide goods or services in the energy sector in Iran and is identified on the current list of persons engaged in investment activities in Iran created by DGS.

I certify (or declare) under penalty of perjury under the laws of the State of California that the foregoing is true and correct.

QUESTIONS & ANSWERS

Ferreira Construction

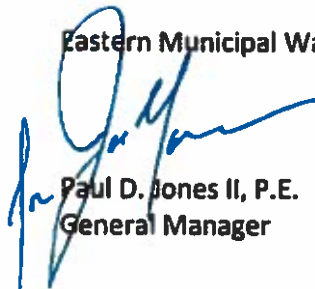

- Q1. Will materials on the approved list require inspection? What materials require the inspection - PVC pipe, valves, air vacuum assemblies, hydrants, copper? What hold point do you need to inspect on those items?**
- A1. All materials on this project, whether listed on the Approved Materials List or not, are required to pass through standard inspection requirements, as detailed in the Specifications. Please review GENERAL CONDITIONS, Section E – Inspection and Tests, and Section F – Labor & Construction to assist with details. The hold point for inspection depends on the items under inspection. No specific time can be estimated or provided at this point.**
- Q.2. The alignment calls out for various sections of restrained joints. It is our understanding that fusible PVC does not require restraints. Does the agency want mega lug restraints for these sections in lieu of fusing?**
- A2. The project calls for restrained joints in areas where connections and appurtenances, such as valves, require restraint. A Fusible PVC joint constitutes a restrained joint, and thus doesn't require additional restraints. Fusible PVC pipe lengths shall be fused in their entirety and shall be staged prior to installation, except where joints are required for ductile iron fittings, as shown on the Drawings. Mega lug restraints are acceptable for the restrained portions as shown on the Drawings and in accordance with Section 15057 – Ductile Iron Water Pipe and Fittings. Also refer to Section 15065-6, Part 2.04 for Fusible PVC and ductile iron mechanical and flanged fittings.**
- Q3. Are we allowed to close the road during work hours? The encroachment permit does not mention whether it is allowed.**
- A3. The encroachment permit provided in the Specifications is a "conditional permit" and has been provided as a place-holder permit for this project. The Contractor will be required to pull a duplicate permit from the City of Menifee, and comply with all the requirements on the permit. It is the Contractor's responsibility to provide the City with accurate project information and specific construction requirements pertaining to the project when obtaining the permit. As part of the encroachment permitting process, traffic control plans will be required to be submitted and approved by the City. These traffic control plans should include any specific requests, such as proposed road closures. The City is the authorizing jurisdiction for these specific requests.**

- Q4. About the required insurance, will you need an installation floater or a builder's risk?**
- A4. Builders "All Risk" is required. Please refer back to SC-08 and Insurance Sample included in the Specification for requirements.**
- Q5. Where are the services located in relation to the interconnects? Can you provide a map with the affected services and hydrant locations?**
- A5. All existing pertinent appurtenances are labeled with call-outs on the Drawings. It is the Contractor's responsibility to field-verify the existing services and proposed interconnections prior to any construction activity. No additional information will be provided.**

T. E. Roberts, Inc.

- Q1. I was wondering if a Pollution policy for \$1MM/\$2MM would be accepted for the Paseo Vivora Pipeline Replacement Project bidding on 8-22-17?**
- A1. SC-08 requirements will not be amended.**
