Job Description

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties, or responsibilities that are required of the employee for this job.

| Job title            | Development Services Aide |

GENERAL PURPOSE

Under general supervision, performs intake duties with respect to applications for District services; receives and reviews applications; triages and determines appropriate routing process based on the nature of the application or request; processes and receives fees for routine applications; responds to general questions and/or directs customer to appropriate person; and performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS

This journey-level classification is responsible for providing intake support to District customers for new development services related projects. Incumbents at this level perform the full range of duties as assigned, working independently, and exercising judgment and initiative. Positions at this level receive only occasional instruction or assistance as new or unusual situations arise and are fully aware of the operating procedures and policies of the work unit.

SUPERVISION RECEIVED AND EXERCISED

Receives general supervision from assigned supervisory or management personnel. Exercises no direct supervision over staff.

TYPICAL DUTIES AND RESPONSIBILITIES

The duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to this position.

- Performs intake duties with respect to applications for District services; receives and reviews applications; triages and determines appropriate routing process based on the nature of the application or request; assists supervisors in gathering information related to customer service applications and inquiries.
- Receives, researches, processes, and responds to customers questions on development-related services; calculates and quotes fees for routine installations and services based on applicable District rules, regulations, and fee structures.
Reviews documents to ensure accurate information; examines supporting documentation to establish proper authorization and conformance with District policies, laws, and regulations affecting new service installations and related services.

Conducts a routine review of Geographic Information System (GIS) and maps to evaluate and determine project requirements and fees; conducts a basic review and interpretation of engineering and architectural drawings.

Types, formats, edits, revises, proofreads, and prints memoranda, agreements, and other specialized documents; composes routine customer correspondence.

Sets up and processes inquiries in District-related applications and databases; performs basic queries using a variety of District applications and databases.

Routes application or agreement packages and supporting documentation for technical engineering review or other departments within the District.

Adheres to office procedures including record management policies and procedures, ensuring compliance with the District’s retention policy.

Observes and complies with all District and mandated safety rules, regulations, and protocols.

Performs related duties as assigned.

REQUIRED QUALIFICATIONS

Knowledge of:

- District water and sewer rules and regulations in assigned areas of responsibility.
- Methods and techniques of reviewing applications for service determination and completeness of application.
- District policies, procedures, and practices applicable to assigned areas of responsibility.
- Basic engineering and construction terminology.
- Customer service practices and etiquette.
- Sound business communication practices.
- Basic knowledge of and familiarity with common policies and procedures for billing, credit, and collections.
- Federal, state, and local laws, codes, and regulations in assigned areas of responsibility.
- Basic mathematics.
- Principles and practices of record keeping.
- District and mandated safety rules, regulations, and protocols.
- Techniques for providing a high level of customer service by effectively dealing with the public, vendors, contractors, and District staff.

**PHYSICAL DEMANDS**

The physical demands described here are representative of those that must be met by employees to successfully perform the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Must possess mobility to work in a standard office setting and use standard office equipment, including a computer; vision to read printed materials and a computer screen; and hearing and speech to communicate in person and over the telephone. This is primarily a sedentary office classification although standing in work areas and walking between work areas may be required. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard or calculator and to operate standard office equipment. Positions in this classification occasionally bend, stoop, kneel, reach, push, and pull drawers open and closed to retrieve and file information. Employees must possess the ability to lift, carry, push, and pull materials and objects up to 25 pounds.

**WORK ENVIRONMENT**

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Employees work in an office environment with moderate noise levels, controlled temperature conditions, and no direct exposure to hazardous physical substances. Employees may interact with upset staff and/or public and private representatives in interpreting and enforcing departmental policies and procedures.
