GENERAL PURPOSE

Under administrative direction, plans, organizes, and directs the work of crews and personnel involved in the installation, construction, maintenance and repair of wastewater mains, services, and related appurtenances; and performs related duties as assigned.

DISTINGUISHING CHARACTERISTICS

This is a management classification responsible for planning, organizing, reviewing, and evaluating the construction, installation, maintenance, and repair of the District’s collection system. Incumbents are responsible for performing diverse, specialized and complex work involving significant accountability and decision-making responsibilities, which include supervision, overseeing repairs to the collection system, sanitary overflow response and prevention plans, policies and procedures, budget administration and reporting, capital improvement projects, and program evaluation. Incumbents serve as a professional-level resource for organizational, managerial, and operational analyses and studies. Performance of the work requires the use of considerable independence, initiative, and discretion within broad guidelines.

SUPERVISION RECEIVED AND EXERCISED

Receives administrative direction from the Director of Reclamation. Exercises direct supervision over supervisory and technical support staff through subordinate levels of supervision.

TYPICAL DUTIES AND RESPONSIBILITIES

The duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to this position.

- Plans, organizes, supervises, trains and evaluates the performance of assigned staff; establishes performance requirements and personal development targets; regularly monitors performance and provides coaching for performance improvement and development; recommends compensation and provides other rewards to recognize

subject to management concurrence, takes disciplinary action, up to and including termination, to address performance deficiencies, in accordance with the District's rules, policies, and labor contract provisions; identifies best-of-class work practices among assigned staff and ensures uniform adoption of those practices.

➢ Provides day-to-day leadership and works with staff to ensure a high performance, customer service-oriented work environment which supports achieving the department’s and the District’s mission, strategic plan, objectives, and values.

➢ Participates in the development and implementation of goals, objectives, policies, and priorities for assigned services and programs; identifies resource needs; recommends and implements policies and procedures, ensuring alignment with the District's strategic and operational plans.

➢ Manages and participates in the development and administration of the department’s annual budget; directs the forecast of additional funds needed for staffing, consultants, contractors, equipment, materials, and supplies; directs the monitoring of and approves expenditures; directs and implements adjustments as necessary to meet changing conditions.

➢ Prepares or directs the preparation of a wide variety of studies and reports related to the District’s wastewater collection system needs and develops specific proposals and work plans to meet them; inspects operations and projects to confirm conformance with specifications and objectives.

➢ Participates in the analysis of trends, such as population and industrial growth, and the development of strategies and work plans to meet and serve expanding community needs.

➢ Performs inspections of daily operations and special projects to determine compliance with city, state, and federal regulations; reports significant operational problems and recommendations for resolution to the Director of Reclamation.

➢ Develops policies and procedures related to environmental regulations that encompass the wastewater collection system.

➢ Evaluates equipment and materials used in the division and recommends changes and/or additions, as required.

➢Drafts monthly, quarterly and annual reports; prepares special or recurring reports or special studies; develops recommendations to improve wastewater collection; coordinates work with various divisions and other users in making system modifications.

➢Serves as a liaison for the Wastewater Collection Division to the Engineering Department, Environmental and Regulatory Compliance Department and outside regulatory agencies to resolve sensitive and controversial issues.
Ensures the District’s safety program and goals are implemented and carried out in the Wastewater Collection Division; proposes safety requirements to be followed in the maintenance and repair of the wastewater collection system.

Ensures staff observe and comply with all District and mandated safety rules, regulations, and protocols.

Performs related duties as assigned.

Continuous Improvement Related Duties:

- Applies Continuous Improvement principles in the deployment of department business plans, processes and performance measures, ensuring that they align with District’s strategies and operational plans.
- Participates in departmental performance assessments and the system of continuous improvements and effectively integrates and evaluates the linkages between the District’s key value creation and support processes and related key performance indices.
- Ensures effectiveness of the business processes undertaken by the department and division.
- Defines customer service segments being served and establishes processes to obtain feedback to improve performance.
- Develops, maintains, and utilizes departmental performance indicators in making decisions.
- Establishes performance criteria for assigned staff.
- Ensures a thorough understanding of the Strategic Planning Cycle with everyone’s responsibility associated with the cycle.
- The incumbent, while exercising his/her authority, shall abide by and promote the District’s values and beliefs and adhere to the District’s ethics policy.

REQUIRED QUALIFICATIONS

- CWEA Collection System Maintenance Certificate, Grade IV within 12 months of hire.

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by employees to successfully perform the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Must possess mobility to work in a standard office setting and use standard office equipment, including a computer; vision to read printed materials and a computer screen, and to operate a motor vehicle and visit various District sites; and hearing and speech to communicate in person and over the telephone. This primarily a sedentary office classification although standing in work areas and walking between work areas may be required. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard of calculator and to operate standard office equipment. Positions in this classification occasionally bend, stoop, kneel, reach, push and pull drawers open and closed to retrieve and file information. Employees must possess the ability to lift, carry, push, and pull materials and objects up to 25 pounds; when performing inspections, may be required to lift up to 125 pounds.

Must possess mobility to work in standard wastewater treatment plant and related facilities; strength, stamina, and mobility to perform light to medium physical work, to work around machines and to climb and descend ladders; vision to read printed materials and a computer screen; color vision to read gauges and identify appurtenances; and hearing and speech to communicate in person and over the telephone or radio. The job involves frequent walking in operational areas to identify problems or hazards. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard or calculator. Positions in this classification bend, stoop, kneel, reach, and climb to perform work and inspect work sites. Employees must possess the ability to lift, carry, push, and pull materials and objects up to 50 pounds or heavier weights of up to 125 pounds on an occasional basis, in all cases with the use of proper equipment and/or assistance from other staff.
WORK ENVIRONMENT
The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Employees work in an office environment with moderate noise levels, controlled temperature conditions, and no direct exposure to hazardous physical substances. Employees also work in the field and are exposed to loud noise levels, cold and hot temperatures, vibration, confining workspace, chemicals, mechanical and/or electrical hazards and hazardous physical substances and fumes. Employees may interact with upset staff and/or public and private representatives in interpreting and enforcing departmental policies and procedures.
