

Job Description

Please note this job description is not designed to cover or contain a comprehensive listing of activities, duties or responsibilities that are required of the employee for this job.

Job title	Fleet Maintenance Supervisor
------------------	------------------------------

GENERAL PURPOSE

Under general direction, assigns, inspects and participates in the work of personnel engaged in the repair and servicing of a wide variety of gasoline and diesel-powered vehicles and equipment; and performs related duties, as assigned.

DISTINGUISHING CHARACTERISTICS

This is the full supervisory-level classification in the Fleet Maintenance Division that exercises independent judgment related to diverse and specialized fleet maintenance operations with accountability and ongoing decision-making responsibilities associated with the work. Incumbents are responsible for planning, organizing, supervising, reviewing, and evaluating the work of assigned staff and for providing professional level support to the Fleet Services Manager in a variety of areas. Performance of the work requires the use of independence, initiative, and discretion within established guidelines. This class is distinguished from the Fleet Services Manager by the latter classification's managerial and administrative responsibilities.

SUPERVISION RECEIVED AND EXERCISED

Receives general direction from the Fleet Services Manager. Exercises direct supervision over technical and maintenance staff.

TYPICAL DUTIES AND RESPONSIBILITIES

The duties listed below are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from the position if the work is similar, related or a logical assignment to this position.

- Participates in the selection, training, supervision and evaluation of assigned staff; participates in the establishment of performance requirements and personal development targets, and provides technical assistance and advice to assigned staff.
- Provides day-to-day leadership and works with staff to ensure a high performance, customer service-oriented work environment which supports achieving the department's and the District's mission, strategic plan, objectives and values.

- Assists with the development and administration of the department's annual budget; directs the forecast of additional funds needed for staffing, consultants, contractors, equipment, materials, and supplies; directs the monitoring of and approves expenditures; directs and implements adjustments as necessary to meet changing conditions.
- Instructs and provides for the training of staff in work methods, use of tools and equipment, and relevant safety precautions; proposes safety requirements to be followed in the maintenance and repair of vehicles and equipment.
- Inspects equipment to determine work required; estimates personnel, material and equipment requirements for assigned jobs; reviews completed work; assists in evaluation of the economic life of equipment/vehicles.
- Provides technical assistance to staff in resolving difficult problems encountered; responds to questions and complaints from other departments and divisions.
- Works effectively in and provides assistance in the use of fleet management and District fueling software programs.
- Prepares and maintains a variety of reports and records, including time cards, worksheets, accident reports, maintenance requests, etc.
- Responds to emergency situations as necessary.
- Convenes with external vendors to discuss cost efficient methods of performing and responding to District's needs.
- Acts as unit manager in the manager's absence and performs special projects, if assigned.
- May perform maintenance or repair work as required.
- Ensures staff observes and complies with all District and mandated safety rules, regulations, and protocols.
- Performs related duties, as assigned.

Continuous Improvement Related Duties:

- Supports and promotes the application of Continuous Improvement principles in the oversight of operations within the business unit.
- Assists in the development and maintenance of best practice in unit work processes and supports the philosophy of continuous improvement.
- Develops and monitors team and individual performance measures, ensuring that they align with District's Strategic and Operational Plans.
- Ensures a thorough understanding of the Strategic Planning Cycle and participates in its development and deployment.

REQUIRED QUALIFICATIONS

Knowledge of:

- Principles and practices of employee supervision, including work planning, assignment review and evaluation, discipline and the training of staff in work procedures.
- Principles and practices of leadership.
- Principles and techniques for working with groups and fostering effective team interaction to ensure teamwork is conducted smoothly.
- Administrative principles and methods including goal setting, program development and implementation.
- Principles and practices of budget preparation and administration.
- Techniques, methods, materials, tools and equipment used in the overhaul, repair and maintenance of gasoline and diesel-powered vehicles, trucks and related equipment.
- District personnel rules, policies and labor contract provisions.
- Principles and practices of purchasing materials and outside services.
- Operation and maintenance of a wide variety of equipment, hand, shop and power tools used in the work; machine and welding shop methods and practices; industrial and vehicle paint shop methods and practices.
- Federal, state and local laws and regulations pertaining to the handling and disposal of hazardous waste and clean air requirements.
- District and mandated safety rules, regulations, and protocols.
- Techniques for providing a high level of customer service by effectively dealing with the public, vendors, contractors, and District staff.
- The structure and content of the English language, including the meaning and spelling of words, rules of composition, and grammar.
- Modern equipment and communication tools used for business functions and program, project, and task coordination, including computers and software programs relevant to work performed.

Continuous Improvement Based Knowledge:

- The core values, concepts, and framework of continuous improvement criteria, including the principles of management by fact, and organizational and personal learning.
- Familiar with process mapping and structured problem solving.
- Theoretical and practical knowledge necessary to develop and monitor individual performance standards, and insure they align with key performance measures for the unit.

Ability to:

- Select and supervise staff, provide training and development opportunities, ensure work is performed effectively, and evaluate performance in an objective and positive manner.
- Assist in developing and implementing goals, objectives, practices, policies, procedures, and work standards.
- Assist with the preparation, administration and monitoring of a division/department budget.
- Plan, estimate, coordinate and schedule the work of others.
- Prepare and maintain a variety of reports and records pertaining to the work.
- Read and interpret plans, specifications and manuals.
- Operate and maintain equipment and tools used in the field.
- Identify and implement effective courses of action to complete assigned work.
- Coordinate work assignments with other divisions, departments and agencies.
- Understand, interpret, and apply all pertinent laws, codes, regulations, policies and procedures, and standards relevant to work performed.
- Independently organize work, set priorities, meet critical deadlines, and follow-up on assignments.
- Use tact, initiative, prudence, and independent judgment within general policy, procedural, and legal guidelines.
- Effectively use computer systems, software applications relevant to work performed, and modern business equipment to perform a variety of work tasks.
- Communicate clearly and concisely, both orally and in writing, using appropriate English grammar and syntax.
- Establish, maintain, and foster positive and effective working relationships with those contacted during work.

Continuous Improvement Based Abilities:

- Maintain and utilize process flow charts for key processes, with performance standards related to customer and stakeholder needs.
- Validate customer requirements.
- Create a workplace that values employees, encourages their development, values their participation, and encourages innovation.
- Create an environment of continuous improvement and to ensure business unit results consistent with expectations in key performance measures.

Experience:

Any combination of experience and education that provides the required knowledge and abilities is qualifying, along with the specific licenses/certifications as outlined below:

- Six (6) years of progressively responsible experience in the repair and maintenance of gasoline- and diesel-powered vehicles and equipment.

Education:

- Equivalent to completion of the twelfth (12th) grade.

Licenses/Certifications:

- A valid California driver's license, Class A, or the ability to obtain one within one year of date of hire, and the ability to maintain insurability under the District's Vehicle Insurance Policy. All District employees required to possess a valid Class A driver's license for the performance of their duties shall be subject to random drug and alcohol testing pursuant to District policy and federal law.
- ASE Master Certification in either light or heavy-duty vehicles.
- May be required to certify as a California Emissions Inspector.

PHYSICAL DEMANDS

The physical demands described here are representative of those that must be met by employees to successfully perform the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

When assigned to an office environment, must possess mobility to work in a standard office setting and use standard office equipment, including a computer; vision to read printed materials and a computer screen; and hearing and speech to communicate in person and over the telephone; ability to stand and walk between work areas may be required. Finger dexterity is needed to access, enter, and retrieve data using a computer keyboard or calculator and to operate standard office equipment. Positions in this classification occasionally bend, stoop, kneel, reach, push, and pull drawers open and closed to retrieve and file information.

When performing duties in an office environment, must possess mobility to work in a standard office setting and use standard office equipment, including a computer; vision to read printed materials and a computer screen; and hearing and speech to communicate in person and over the telephone; ability to stand and walk between work areas may be required. Finger dexterity is needed to access, enter, and retrieve data

using a computer keyboard or calculator and to operate standard office equipment. Positions in this classification occasionally bend, stoop, kneel, reach, push, and pull drawers open and closed to retrieve and file information.

When performing field inspection duties, must possess mobility to work in changing site conditions; possess the strength, stamina, and mobility to perform light to medium physical work; to sit, stand, and walk on level, uneven, or slippery surfaces; to reach, twist, turn, kneel, and bend; and to operate a motor vehicle and visit various District sites; vision to inspect site conditions and work in progress; color vision to differentiate Underground Service Alert color codes. The job involves fieldwork requiring frequent walking in operational areas to identify problems or hazards, with exposure to hazardous materials in some site locations. Employees must possess the ability to lift, carry, push, and pull materials and objects averaging a weight of 50 pounds, or heavier weights, with the use of proper equipment and/or assistance from other staff.

WORK ENVIRONMENT

The work environment characteristics described here are representative of those an employee encounters while performing the essential functions of this class. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

Employees work in an office environment with moderate noise levels, controlled temperature conditions, and no direct exposure to hazardous physical substances. Employees also work in the field and are exposed to loud noise levels, cold and hot temperatures, inclement weather conditions, road hazards, vibration, confining workspace, vermin, insects, and parasites, chemicals, mechanical and/or electrical hazards, and hazardous physical substances and fumes. Employees may interact with upset staff and/or public and private representatives in interpreting and enforcing departmental policies and procedures.
