Fall has arrived. Reduce your watering days! Shorter days. Cooler nights. Dormant plants.
Imagine a Day Without Water is an opportunity to share why water is important to you, your business, and your community.

EMWD continues to invest in the future of your water supply so you don’t have to imagine a day without water.

Visit www.emwd.org to learn more about how EMWD is securing our water future!

Imagine a Day Without Water
October 23, 2019 | #ValueWater

19 gallons of water are required to grow just one apple.
