RECYCLED WATER SERVICE UNDER THIS PERMIT IS SUBJECT TO THE FOLLOWING CONDITIONS:

- 1. Applicant is responsible to pay all outstanding water bills owed the District. Applicant agrees to be held accountable for any required rehabilitation of the meter and/or water system to be restored to a condition which meets the District's applicable standards if damages are caused from improper operation of the meter.
2. Applicant shall comply with all applicable District rules and regulations for the use of Recycled Water under Administrative Code & All DDW applicable rules and regulations;
3. All temporary Recycled Water meter service connection installations and the use thereof shall be inspected and approved by District personnel prior to and during use. Unsatisfactory temporary meter installations or the use thereof shall result in the discontinuance of water service by the District until appropriate remedial actions have been taken by the applicant, as determined by the District.
4. Applicant shall be solely responsible for utilizing the subject temporary meter in a manner which will not create a threat to the safety of the public and property of others and will protect the meter assembly to which it is attached, from damage.
5. Applicant shall be financially responsible for any and all damages to or loss of District facilities, (including the involved meter assembly and/or meter) which may occur or result from applicant's activities in connecting to, using, and disconnecting from such District facilities.
6. Applicant hereby agrees to indemnify and hold District free and harmless from any and all responsibility for any public liability and/or property damage and personal injuries which may in any way result from the applicant's use of the subject temporary meter assembly to which it is attached. Such indemnification shall include legal costs incurred by the District. Acknowledge that the meter shall not leave the District's boundaries, nor shall water from this temporary meter be transported out of EMWD's water service area.
7. Due to system demands, customer's flow may be reduced at the discretion of the District at any time.
