Subject: EMWD Construction Near Your Residence

Dear Neighbor:

In a letter dated April 13, 2021, Eastern Municipal Water District (EMWD) provided information about an upcoming construction project in your area.

This follow-up communication is to let you know that in the coming weeks, EMWD will begin construction on Phase I of the Cactus Corridor Pipeline Project (Project) along **Sweet Grass Drive and Flaming Arrow Drive, and a portion of Bay Avenue**. This pipeline is a small portion of a larger pipeline alignment project that will eventually connect to groundwater wells in the southern portion of Moreno Valley as part of the Perris North Groundwater Program (Program). The purpose of this Program is to provide long-term water quality and supply benefits to the region.

EMWD has worked closely with the City of Moreno Valley to expedite and phase work of the Project to minimize impacts to residents.

The City of Moreno Valley is in the process of completing storm drain improvements along Sweet Grass Drive and Flaming Arrow Drive. Upon final completion of both efforts, **Sweet Grass Drive and Flaming Arrow Drive will be re-paved**.

During construction, the community can expect:

- Traffic control in place from 7:00 a.m. to 4:00 p.m. EMWD asks that motorists please follow all traffic control measures to ensure the safety of crews and the community.
- Accommodated access to and from your home during construction hours.
- Temporary, no-street parking during traffic control hours.

Board of Directors
