Perris, CA 92570

## SAFETY AND SECURITY

Providing a safe and secure workplace is part of EMWD’s strategic objective of being an exemplary employer, in addition to us fulfilling our responsibility to the public to protect critical infrastructure and systems that provide quality of life and public health benefits.

For the safety and security of EMWD employees, EMWD-issued photo identification badges should be worn and clearly visible at all times. Visitors without an EMWD identification badge must be escorted at all times while on EMWD property.

EMWD identification badges are color-coded at the bottom as follows:

<b>Dark Blue</b>	<b>Green</b>	<b>Orange</b>	<b>Yellow</b>	<b>Red</b>
Employees	Vendors/ Consultants	Contractors	Temporary Employees/ Volunteers	Security

EMWD has updated and will be distributing new parking permits in February 2023.

Please fill out the Parking Registration Form with your current vehicle information and return it to Adam Will or Nicole Jenks in Safety, Risk and Emergency Management. Please remember to bring your old permit to exchange for your new one. More information will be provided in early 2023.

## EMWD SECURITY

EMWD’s security contractor is American Guard Services.

Security guards are required to wear uniforms that say “Security” and have an American Guard Services logo.

Photos of current security guards have been posted on the Pipeline under Department Pages - Security. All requests for Security must be sent through the Safety, Risk and Emergency Management Department. Security may be reached at **ext. 4444**.

## IF YOU SEE SOMETHING, SAY SOMETHING!

As a reminder, you may submit a safety concern or suggestion using the Near Miss/Unsafe Condition/Safety Suggestion application through the Pipeline. Forms may be submitted electronically or via a paper copy to [Riskmanagement@emwd.org](mailto:Riskmanagement@emwd.org). For immediate assistance, please contact Risk Management at **ext. 7777**.
