RE: C-17 No. 1 Clarification

Weka was established in 1993 and never had to report an incident until 2014. Due to the lack of experience with reporting injuries, we called OSHA Friday afternoon asking what needed to be done. This call, OSHA never recorded as an incident since a specific name was not given. We sent all the paperwork in on Monday as instructed via phone call Friday. Since OSHA did not record a individual being hurt on Friday they said we did not meet the reporting within 12 hours/immediately, Weka was assessed a $100.00 fine which was told they could not waive.

Sincerely,

Jared Himle
