Subject: EMWD Project Update

Dear Neighbor:

On behalf of Eastern Municipal Water District (EMWD), we would like to inform you that we have successfully completed well drilling activities near your residence in Moreno Valley.

EMWD began work on two groundwater wells along Ironwood Avenue, between Heacock Street and Nita Drive in December 2020. These two wells are an important part of our Perris North Groundwater Program, which will help provide long-term water quality and supply benefits to the region.

Following the completion of well drilling activities, crews continue to work on-site to conduct testing of the wells and housekeeping items. As a reminder, EMWD will soon bid a second project to construct the piping, motors and treatment facilities needed to operate these wells. That activity will be limited to daytime only work.

EMWD appreciates your patience and understanding as we work to complete this important project. As part of our commitment to our customers, EMWD will keep you updated on the status of this work. You may visit www.emwd.org/perrisnorth to sign up for e-notifications and learn more.

Should you have any questions, please contact me at 951-928-3777 ext. 4370, or at ramireal@emwd.org.

Sincerely,

Alma Ramirez
Public Affairs Officer
